The Universe Is You

The cover photograph depicts the National Research Council's stainless steel sphere, designed by Canadian Artist Art Price. Mounted in a pool of water, the sphere scatters the beams of light which strike it symbolizing the contribution of science to mankind.

Inspiration for the work came from an inscription carved above the front door of NRC's Sussex Drive building and taken from the first and the second book of Esdras in the Apocrypha: "Great is truth and mighty above all things; it endureth and is always strong; it liveth and conquereth for evermore. The more thou searchest, the more thou shalt marvel."

Vous êtes l'Univers

La photographie de la page couverture illustre une sphère en acier inoxydable conçue par un artiste canadien Art Price, pour le Conseil national de recherches. Placée au centre d'un bassin circulaire, elle diffuse la lumière aux quatre points cardinaux et symbolise ainsi la diffusion des connaissances scientifiques de par le monde.

Cette sculpture a été inspirée par l'inscription gravée au-dessus de l'entrée principale des laboratoires du CNRC, sur la promenade Sussex, et qui a été tirée des livres apocryphes d'Esdras: "La vérité surpasse tout en grandeur et en puissance: elle dure et reste toujours forte, elle vit et conquiert toujours davantage. Plus tu la chercheras, plus tu t'émerveilleras".

PREFACE

SCIENTIFIC AND TECHNICAL SOCIETIES OF CANADA is compiled and published every two years by the Canada Institute for Scientific and Technical Information (CISTI) a division of the National Research Council of Canada, for the use of the scientific and information communities. The directory includes national, provincial, and regional associations devoted to a scientific, technical or medical discipline or group of disciplines. In order to qualify for listing in this publication, a society must be primarily concerned with research and development activities or with the gathering and dissemination of knowledge. Trade associations, undergraduate groups, and strictly fund-raising organizations are excluded.

Information for the 1986 edition was provided by officers of the societies listed in the 1984 edition who returned questionnaires with updated information. A few organizations which did not respond are again included because the general information is still relevant although the names of the executive officers may not be current. This edition contains 100 new entries.

We appreciate the cooperation of those who have contributed to this publication. For the next edition, CISTI is anxious to hear from any organizations which have not been included and which are eligible for listing.

Societies are numbered and listed in alphabetical order in the white pages. A keyword out of context (KWOC) index, in the blue pages, assists the user in locating societies associated with a particular subject or region. An index to societies' publications can be found in the green pages at the back of the publication.

PREFACE

L'Institut canadien de l'information scientifique et technique (ICIST), une division du Conseil national de recherches du Canada, publie à tous les deux ans le répertoire des Sociétés scientifiques et techniques du Canada à l'intention des milieux scientifiques et des spécialistes du domaine de l'information. Le répertoire regroupe des associations nationales, provinciales et régionales qui oeuvrent dans une ou plusieurs disciplines scientifiques, techniques ou médicales. Les associations qui figurent au répertoire doivent s'occuper principalement de recherche et de développement ou de saisie et de diffusion des connaissances. Les groupements corporatifs, les groupes universitaires de premier cycle et les organismes de mobilisation de fonds sont exclus.

Les renseignements recueillis en vue de l'édition de 1986 ont été fournis par les dirigeants des sociétés signalées dans l'édition de 1984 qui ont retourné le questionnaire de mise à jour. Quelques organismes qui n'ont pas retourné le questionnaire sont néanmoins répertoriés, car les renseignements d'ordre général restent pertinents même si les dirigeants ont pu changer. La présente édition recense 100 nouvelles entrées.

Nous tenons à remercier tous nos collaborateurs et nous invitons les organismes admissibles qui n'ont pas été recensés à communiquer avec l'ICIST en vue de la prochaine édition.

Dans la section des pages blanches, les sociétés sont numérotées et présentées en ordre alphabétique. L'index mot-clé hors contexte, dans la section des pages bleus, aide l'utilisateur à repérer des sociétés à partir d'une région ou d'une matière donnée. L'index des publications des sociétés se trouve à la toute fin dans la section des pages vertes.

4. **AGRICULTURAL INSTITUTE OF CANADA.**
Suite 907, 151 Slater Street, Ottawa, Ont. K1P 5H4. Tel.: (613) 232-9459. President: J.E. McCannel, 2097 Kendale Ave., Victoria, B.C. V8P 1R7. Term expires July 1987. General Manager: Andy Terauds, c/o Institute. Term indefinite.

History: Professionals in agriculture became organized in Canada for the first time in 1920, when they formed the Canadian Society of Technical Agriculturists. Incorporated under a charter granted by the Government of Canada in 1928, this Society operated without provincial units until 1945. At that time it was renamed as the Agricultural Institute of Canada and to achieve legal status for the profession, steps were initiated to establish Agrologist Institutes under provincial statutes as the provincial divisions of the profession. Agrologist Institutes are now established in all provinces. The provincial organization in Quebec, L'Ordre des Agronomes du Québec, functions independently of the Agricultural Institute of Canada. Within the provinces members are organized in local units known as branches. The Branches conduct activities in support of the provincial and national levels. They are the basic operating unit and source strength of the profession. Eight national scientific societies related to agriculture are also constituent organizations of the Agricultural Institute of Canada. Membership in these societies is separate from registration as an agrologist. Registration as an agrologist by a provincial agrologist institute is required for and includes

membership in the Agricultural Institute of Canada.
Purpose: To establish and maintain the co-operation and coordination of all provincial professional agricultural organizations, associated with the Agricultural Institute of Canada as its provincial divisions, and all national scientific societies with objectives which pertain to the advancement of agriculture through science which are associated with the Agricultural Institute of Canada and its affiliated societies; advancing the professional and economic well being of the members; assisting in the development throughout Canada of uniform registration requirements and examination standards for the profession of agrology; providing advice respecting legislative matters common to professional agricultural bodies throughout Canada; providing a forum for the discussion of problems and developments respecting professional and scientific matters related to agriculture; promoting a knowledge and appreciation of the profession to the general public; promoting research and the application of the results of research for the betterment of agriculture; maintaining activities to foster high standards in educational institutes and programs pertaining to agriculture; to co-operate with other societies or organizations for the advancement of mutual or national voice speaking on behalf of professional and scientific agriculturists in Canada.
Membership: Approximately 5,500. Membership in the Institute may be obtained only through registration in a provincial organization recognized by the Institute except for residents of provinces without such provincial organizations and persons not resident in Canada, for whom the following shall be the requirements for membership. Junior Member: any person shall be eligible for Junior Membership who has one of the following qualifications: graduation in agriculture from a university of recognized standing with less than three years post-graduate agricultural training and/or experience (advancement from Junior Member to be automatic when these requirements are met); graduation, not in agriculture, from a university of recognized standing provided that the candidate is engaged in work of an agricultural nature but has had less than three years post-graduate agricultural training and/or experience. The candidate must satisfy the Institute that his qualifications and vocation arechiefly in the field of agriculture. Member: any person shall be eligible for membership who has one of the following qualifications: graduation in agriculture from a university of recognized standing with at least three years post-graduate training and/or experience; graduation not in agriculture, from a university of recognized standing, provided that the candidate is engaged in work of an agricultural nature and has had at least three years post-graduate training and or experience (the candidate must satisfy the Institute that his qualifications and vocation are chiefly in the field of agriculture). A Charter Member is one who joined the Institute at or before the organizing convention of 1920 and who has maintained his membership continuously since that time.
Meetings: Annual Meeting and Convention (July).

Le mandat se termine en novembre 1986.

Historique: L'Association des Biologistes du Québec est un organisme professionnel d'envergure provinciale qui existe depuis 1973. L'ABQ regroupe des membres appartenant au vaste champ des sciences biologiques. L'Association comprend 8 sections régionales: Bas St-Laurent Gaspésie, Saguenay Lac St-Jean, Québec, Trois-Rivières, Cantons de l'Est, Montréal, Outaouais, et Abitibi Témiscamingue. L'Association est composée de comités permanents (Sélection et Discipline, Congrès, Information) ainsi que de comités ad hoc. Parmi ces derniers, plusieurs sont impliqués dans différents dossiers ayant trait à la protection et la mise en valeur de notre environnement. D'autres offrent certains services aux membres de l'association ou en assurent le bon fonctionnement. Enfin quelques comités se penchent sur des problèmes inhérents à notre profession.
Objectifs: 1) Regrouper sous une association les biologistes du Québec; 2) permettre aux membres de l'association de se prononcer face aux problèmes sociaux à caractère scientifique et faire des études et des recherches sur les sujets relevant de leur compétence; 3) assurer la diffusion de l'information scientifique auprès des membres; favoriser la recherche et un enseignement adéquat de la biologie; 4) promouvoir de façon générale les intérêts de la biologie et la reconnaissance des biologistes comme entité professionnelle officielle.
Membres: 530. Conditions d'adhésion: a) être domicilié au Québec; b) etre titulaire d'un diplôme de premier cycle en sciences biologiques décerné par une université reconnue par les universités du Québec, via un

département ou un module de biologie ou être accepté par le Comité de sélection et discipline; c) tout candidat qui remplit une fonction de biologiste depuis 5 ans et qui détient un diplôme de 2e ou 3e cycle en sciences biologiques est admissible à l'ABQ après étude de son dossier par le Comité de sélection et de discipline.

40. **ASSOCIATION BOTANIQUE DU CANADA - CANADIAN BOTANICAL ASSOCIATION.**
(In English see: CANADIAN BOTANICAL ASSOCIATION)
Dept. of Biology, Carleton University, Ottawa, Ont. K1S 5B6. Président: Dr. Luc Brouillet, Université de Montréal, Institut Botanique, 4101 est, rue Sherbrooke, Montréal, Qué. H1X 2B2. Le mandat se termine en juin 1987. Sécretaire: Dr. A.G. Thomas, Agriculture Canada, Research Station, 5000 Wascana Parkway, P.O. Box 440, Regina, Sask. S4P 3A2. Le mandat se termine en juin 1988. Prés-Elect: Dr. K.E. Denford, Dept. of Botany, University of Alberta, Edmonton, Alta. T6G 2E9. Le mandat se termine en juin 1988.

Historique: Les débuts de l'Association remontent à 1963, alors que la Société. Royale du Canada endossait la recommandation de son Comité spécial sur le rôle des sciences végétales dans l'effort scientifique canadien, de favoriser la formation d'une société botanique canadienne. A la suite de l'action du Dr. P.R. Gorham, le Dr. R.A. Ludwig, Directeur de l'Institut de recherche sur les plantes du Ministère de l'Agriculture du Canada, organisait une rencontre de 15 botanistes pour planifier la création d'une organisation botanique qui représenterait les botanistes non affiliés aux sociétés botaniques canadiennes d'alors. En réponse aux décisions prises durant cette réunion, la Société Royal du Canada parrainait le 9 mars 1964 une rencontre de botanistes canadiens afin de discuter la formation d'une telle société. On instituait alors un comité provisoire et on prévoyait tenir une réunion nationale conjointement avec la réunion annuelle de la Société canadienne des physiologistes des plantes qui avait lieu à l'Université Queen's en juin 1964. 68 botanistes représentant 29 institutions de sept provinces étaient présents à la réunion de Kingston. On y approuvait en principe la formation d'une organisation intérimaire, l'Organisation botanique du Canada. On s'entendait aussi pour tenir une réunion de fondation tôt au printemps, à l'Université Carleton. Cette réunion avait lieu du 26 au 28 mai. On y approuvait une constitution et des règlements, on y élisait un exécutif et on décidait de nommer la société Canadian Botanical Association - Association botanique du Canada.
Objectifs: Encourager la recherche et l'enseignement de la botanique et représenter ses membres aux niveaux national et international.
Membres: 400. Les membres se composent d'individus qui sont intéressés aux aspects scientifiques de la botanique.
Réunions: Annuelle (juin).
Activités professionnelles: L'Association est un membre actif du Biological Council of Canada (B.C.C.). En 1969, la CBA/ABC établissait la Médaille George Lawson en l'honneur d'un des premiers botanistes canadiens réputés. Ce prix veut "fournir une expression collective et formelle de l'admiration et du respect des botanistes canadiens pour l'excellence de la contribution d'un individu à la botanique canadienne". Les autres prix sont le Prix Mary E. Elliott pour "services méritoires rendus à l'Association botanique du Canada", le Prix Lionel Cinq-Mars pour la meilleure présentation orale par un étudiant lors du Congrès annuel de l'Association, et le Prix de Mycologie Luelle K. Weresub pour le meilleur article de mycologie publié l'année précédente par un étudiant d'une université canadienne ou par un étudiant canadien travaillant à l'étranger.

44. **ASSOCIATION OF CANADIAN UNIVERSITIES FOR NORTHERN STUDIES.**
(En français voir: ASSOCIATION UNIVERSITAIRE CANADIENNE D'ETUDES NORDIQUES)
130 Albert Street, Suite 1915, Ottawa, Ont. K1P 5G4. Tel.: (613) 238-3525. President: Prof. Marc-Adélard Tremblay, Dépt. d'anthropologie, Université Laval, Ste-Foy, Qué. G1K 7P4. Term expires April 1987. Secretary: Prof. Frank Duerden, Geography Dept., Ryerson Polytechnical Institute, 350 Victoria St., Toronto, Ont. M5B 2K3. Term expires April 1987.

History: The Association was founded in 1977 and incorporated under federal charter in 1978. Its governing Council is made up of official representatives of the member universities, at present thirty-five. The Association was founded by Canadian universities active in northern studies training and research in order to increase the effectiveness of their contribution to knowledge and understanding of northern Canada.
Purpose: The advancement of northern scholarship through education, professional and scientific training, and research. More specifically; to represent the interests of member universities by influencing government and private sector policies and practices related to the support of northern scholarship; to establish mechanisms through which resources can be allocated to member universities and northern scholars for the purpose of increasing knowledge of the North and ensuring an appropriate number of trained and skilled northern scientists, managers, and educators; to enhance opportunities for northern people to become leaders and promoters of excellence in education and research matters important to northern society; to facilitate through conferences, seminars, research and other methods, the understanding and resolution of northern issues; to co-operate with other public, private and international agencies and organizations concerned with the advancement, application and impact of northern scholarship.
Membership: Over thirty Canadian universities active in northern research, studies and scholarship are members of ACUNS and through them, the Association represents the vast majority of Canadian scholars interested in the North. They are drawn from across the country, from both official language groups and many subject disciplines. Through ACUNS, the views of over 650 northern scholars can be canvassed and utilized. Canadian universities belong to ACUNS in recognition of its potential for assisting them in their own pursuits in northern scholarship, and in recognition of the need for concerted action on the part of all universities involved in the North.
Meetings: Annual Conference (April).
Professional activities: The Association undertakes activities which respond to the needs expressed by its member universities and others. The Council determines annually those projects which should be given priority, and the Board of Directors and Executive Director are responsible for carrying out its directions. The Association established the Canadian Northern Studies Trust which awards Studentships to deserving students in

universities across the country. The Trust also has a program of Special Awards for residents of Canada's north who wish to spend some time on a university campus. The Association sponsors symposia on topics of vital concern to northern Canada and other circumpolar nations and holds an annual conference.

Président: Dr. Walter Bulani, Faculty of Engineering Science, University of Western Ontario, London, Ont. N6A 5B9. Le mandat se termine en février 1987. Secrétaire: Dr. Ronald Gehr, Département de génie civil, Université McGill, 817, rue Sherbrooke ouest, Montréal, Qué. H3A 2K6. Le mandat se termine en février 1987. Trésorier: Dr. E. Davis. Directeur: Dr. B.E. Jank.

Historique: Le Canada s'est joint à l'AIRPEM (Association internationale pour la recherche sur la pollution de l'eau et sa maîtrise) en 1967. Deux ans auparavant, des chercheurs de diverses universités canadiennes avaient initié une série de conférences annuelles sur la recherche sur la pollution de l'eau. Les comptes rendus de ces conférences sont publiés. Cette publication est maintenant devenue une revue, dont la rédaction est assurée par un comité de lecteurs, intitulée "The Water Pollution Research Journal of Canada". Le groupe original de chercheurs avait formé le Comité national canadien, qui servait de lien avec l'ACRPEM. En 1984, l'ACRPEM était formée en tant qu'entité autonome pour organiser des conférences nationales et locales, publier la revue, et communiquer étroitement avec l'AIRPEM.
Objectifs: La diffusion des connaissances dans les domaines de la recherche sur la pollution des eaux et sa maîtrise.
Membres: 200. Implication dans les domaines de la recherche sur la pollution de l'eau et sa maîtrise.
Réunions: 2/année (février et octobre ou novembre).

77. **ASSOCIATION NUCLEAIRE CANADIENNE.**
(In English see: CANADIAN NUCLEAR ASSOCIATION)
111, rue Elizabeth, 11eme, Toronto, Ont. M5G 1P7. Tél.: (416) 977-6152. Télex: 06-23741. Président: Dr. N. Aspin. Mandat indéterminée. Secrétaire général: James A. Weller. Mandat de durée indéterminée. Président du Conseil: S.G. Horton. Le mandat se termine en juin 1987.

Historique: L'Association nucléaire canadienne est un groupe sans but lucratif, formé en 1960, en vue de promouvoir l'utilisation de l'énergie nucléaire à des fins paisibles au Canada et à l'étranger. L'ANC n'est pas une association commerciale au sens strict du mot. Une association commerciale est généralement considérée comme un groupe de compétiteurs qui se préoccupent de promouvoir et de protéger le commerce de l'industrie dans lequel ils sont concurrents. A cause de l'extrême étendue et de la complexité des applications nucléaires, l'industrie nucléaire n'a pas une industrie unique bien définie, elle est plustôt composée de nombreux établissements industriels et entreprises, reliés entre eux par le lien de l'interêt qu'ils portent au développement et à l'application de l'énergie nucléaire à des fins paisibles. L'Association recrute ses membres parmi les fabricants, les régies d'électricité, les architectes et les ingénieurs-conseils, les entreprises de construction, les banques, les compagnies d'assurances, les compagnies de transport, les maisons d'éducation, les laboratoires de recherches, les syndicats ouvriers, et les services gouvernementaux du Fédéral et des provinces. De plus l'Association pourvoit aux besoins des individus intéressés à l'énergie nucléaire par l'entremise d'une association qui remplit certaines fonctions propres à une société savante, la Société nucléaire canadienne. Formée à partir de la Société technique del'Association nucléaire canadienne, cette société établit un forum pour l'échange de connaissances specialisées qui englobe tous les aspects de l'utilisation pacifique de l'énergie nucléaire.
Objectifs: Encourager et promouvoir un environnement propice à la saine croissance de l'usage de l'énergie nucléaire et des radioisotopes; Encourager la coopération entre les diverses industries, les services publics, les maisons d'éducation, les services gouvernementaux et les autres corps autorisés qui s'intéressent en commun au développement et à l'usage économique de l'énergie nucléaire et des radioisotopes; constituer un forum pour la discussion et la solution des problèmes auxquels doivent faire face les membres, l'industrie ou le public canadien en général; stimuler la coopération avec les autres associations qui ont des objectifs similaires.
Membres: 150. Peut en faire partie tout organisme canadien ou étranger qui est engagé, ou le sera, dans le domaine de l'activité nucléaire et s'intéresse aux objectifs de l'Association. Peuvent aussi en faire partie

les organismes préoccupés des fonctions connexes telles que: la préservation de l'environnement, les politiques de l'énergie, la finance et l'assurance.
Réunions: Annuelles (printemps).
Bibliothèque: Une petite bibliothèque dotée d'une excellente collection d'ouvrages de référence sur une vaste gamme de sujets relatifs à l'énergie nucléaire. Fréquentée par les membres et par le grand public.
Publications: Canada Nucléaire, 11 numéros par année. Comptes Rendus de la conférence annuelle, 1961 à date. Annuaire Canada Nucléaire. Nuclear Notes (anglais seulement). Diverse autres publications sur nucléaire. Rédacteur: J.A. Weller, (l'adresse est la même que celle de l'Association).

General Manager and Registrar: Wm. B. Mackenzie, P.Eng., 530-330 St. Mary Ave., Winnipeg, Man. R3C 3Z5. Term indefinite. Vice-President: E.A. Speers, P.Eng., Term expires October 1986.

History: Incorporated by Act of the Legislative Assembly of the Province of Manitoba, March 1920, repealed and revised in 1940 and 1983.
Purpose: The protection of the public by ensuring that the practice of professional engineering in Manitoba is carried on only by competent and ethical practitioners. All activities of the Association must be judged on their contribution to, or interference with, this purpose. For example: the setting of educational standards for, and ensuring qualification to these standards by applicants for registration; the policing of the ethics of the profession; the prevention of practice by the unqualified; are all activities relating directly to this primary function and, as such, are necessary activities of the Association. Activities devoted to the betterment of the engineer and the improvement of his public image can only be justified in so far as they tend to retain in and attract to the profession, men of the high calibre necessary to ensure a continuation of competent and ethical practice into the future. All other activities of the Association are extraneous to its primary function, and can only be tolerated so long as they do not interfere with this function.
Membership: 2,900. Graduation from a university, college or engineering school, accredited by the Council of the Association, and satisfactory experience in engineering work required; or, at least six years' experience in engineering work satisfactory to the Council and examination, or credentials in lieu thereof.
Meetings: Annual (Fall).
Professional activities: Annual award of two scholarships to engineering students of the University of Manitoba: 12 committees to deal with all non-technical aspects of the profession.
Publications: The Manitoba Professional Engineer, bi-monthly. Editor: K.J. Hearson, P.Eng., 530-330 St. Mary Ave., Winnipeg, Man. R3C 3Z5.

147. **CANADIAN ASSOCIATION FOR LABORATORY ANIMAL SCIENCE - ASSOCIATION CANADIENNE POUR LA TECHNOLOGIE DES ANIMAUX DE LABORATOIRE.**
University of Alberta, M524 Biological Sciences Bldg., Edmonton, Alta. T6G 2E9. Tel.: (403) 432-5193. President: Dr. Richard Latt, McIntyre Animal Centre, McGill University, 3655 Drummond, Montreal, Que. H3G 1Y6. Term expires July 1986. Secretary: Dr. Donald McKay. Term indefinite. Vice-Pres.: Dr. William Rapley, Health Sciences Centre Animal Care, University of Western Ontario, London, Ont. N6A 5C1. Term expires July 1986.

History: In 1962, due to the concern for standards of animal care, a small group of senior technicians brought together 50 people at the Food and Drug Directorate of Health and Welfare, Ottawa, to hold the first annual meeting of the Canadian Society for Animal

Care. The membership and activity fluctuated considerably during the next few years but in 1967 affiliation with the American Association for Laboratory Animal Science was arranged and a technician certifying scheme established. The present name was adopted at the time of affiliation and the Association registered with the Federal Office of Corporate Affairs as a non-shareholding corporation. The registration of laboratory animal technicians was implemented in 1983, in a National Registry Scheme. The Canadian Association for Laboratory Animal Science also acknowledges the support given by the Canadian Council on Animal Care and the Allied Trades.
Purpose: To advance the knowledge, skills and status of those who care for and use laboratory animals; to improve the standards of animal care and research; to provide a forum for the exchange and dissemination of knowledge of sound animal care and research.
Membership: The Association is composed of individuals and institutions concerned with the care and use of laboratory animals. The Association draws from both the professional and technical fields to include veterinarians, physicians, researchers, administrators, animal care personnel and many others interested in the proper care and use of animals in research, teaching and testing. Membership in the organization extends from coast to coast with Regional Chapters in most provinces.

Suite 410, 280 Metcalfe St., Ottawa, Ont. K2P 1R7. Tel.: (613) 234-0012.
President: Ian S. Fleming, R.T.A. Term expires December 1986.

History: Incorporated under Federal Charter in 1943. Member Societies in each province.
Purpose: To promote and encourage the science and art of radiological, radiotherapeutic and nuclear medicine technologies, and to consider and discuss all subjects affecting it; to promote the formation of, to assist, to guide, to encourage and to form a central association for local associations of radiological, radiotherapeutic and nuclear medicine technologists throughout Canada.
Membership: 8,600 Active. Two or three year training program to include a practical phase of training in a hospital base training program or on the community college or central school level with practical phase at affiliated hospital level. On licence or certification of competency as a radiological, radiotherapeutic and nuclear medicine technologist issued under the law of any province of Canada that has enacted legislation establishing such qualifications.
Meetings: Annual (May).
Professional activities: Essay awards, technical exhibits, advanced certification, fellowship and continued education programs.
Library: 250 volumes for use of staff and members of the Association.
Publications: Canadian Journal of Radiography, Radiotherapy and Nuclear Medicine, quarterly. Managing Editor: S. Besner, Suite 410, 280 Metcalfe St., Ottawa, Ont. K2P 1R7.

150. CANADIAN ASSOCIATION OF NEUROPATHOLOGISTS.
c/o Secretary-Treasurer, Dept. of Pathology, Victoria Hospital, London, Ont. N6A 4G5. Tel.: (519) 667-6669.
President: Dr. J. Kaufmann, c/o Dept. of Pathology, University Hospital, London, Ont. Term expires September 1988. Secretary-Treasurer: Dr. J. Gilbert, address above. Term expires September 1986.

History: Founded by a group of Canadian neuropathologists twenty-five years ago. An annual meeting is held to foster the development of neuropathology.
Purpose: To promote development of neuropathology in Canada; forum for scientific and educational discussion of the specialty in Canada; to provide a group to discuss requirements for education, certification to Royal College of Physicians of Canada.
Membership: 90. Requirements: practicing neuropathology as a specialty - MD; certified by RCPS of Canada or American Board of Pathology.
Meetings: Annual (September).
Professional Activities: Continuing education; liaison with Royal College of Physicians of Canada; liaison with International Society of Neuropathology; two awards for scientific presentations at annual meeting are available.
Publications: Newsletter, 3-4/year.

151. CANADIAN ASSOCIATION OF NEUROSCIENCE NURSES.
(En français voir: ASSOCIATION CANADIENNE DES INFIRMIERES ET INFIRMIERS EN SCIENCES NEUROLOGIQUES.)
903-270 Roslyn Road, Winnipeg, Manitoba. R3L 0H3. Tel.: (204) 453-7482.
President: Lydia Martens, c/o Association. Term expires June 1987.
Secretary: Patricia Courtney, 17 Walsh's Lane, Kilbride, St. John's, Nfld. A1G 3N9. Term expires June 1987.

History: The Canadian Association of Neuroscience Nurses was founded in 1969 by Jessie Young. Affiliated with the Canadian Congress of Neurosciences, and the Canadian Nurses Association.
Purpose: To promote the highest standards of practice in the field of neuroscience nursing; to foster continuing professional education of the members; to provide methods of sharing this knowledge; to establish and maintain lines of communication.
Membership: 294: 280 Active; 11 Associate; 3 Honorary. Active: Registered Nurse licenced to practise in Canada, working in, or affiliated with neurological/neurosurgical nursing. Associate: Registered Nurse not licenced to practise in Canada, or any other individual practising in a related discipline in the field of the neurological sciences or having an interest in the field of neurological/neurosurgical nursing. Honorary: any member of the Association whose active participation and longstanding membership warrants such respect shall be sanctioned by vote of the general membership.
Meetings: Annual (June).
Professional Activities: One bursary in the amount of $750 to be awarded annually to a Registered Nurse enrolled in a post-graduate neuroscience course. Active committees concerned with developing standards, core curriculum and certification examinations. Codman Award given out at the Annual Meeting to the best scientific paper on neurosurgical nursing.

History: Organized 1936.
Purpose: To benefit its members by increasing knowledge of the application of dyes and chemicals in the textile industry, by increasing research work on chemical processes and materials of importance in the textile industry, by establishing channels for increased interchange of professional knowledge and ideas, and by sponsoring and encouraging technical education in the textile industry.
Membership: 438. Any person having not less than two years practical experience in bleaching, dyeing, printing, or finishing of textile fibres, or suppliers of chemicals, dyestuffs, and dyeing and finishing equipment, or graduates in bleaching, dyeing, printing, and finishing of a recognized textile school, who are interested in promoting all or any of the objects of the Association, shall be eligible for membership. Membership classes: Active, Honorary, Corporate, Associate, and Student, Active Members to be 21 years of age or over.
Meetings: Annual (April).
Professional activities: Whattam Award given to outstanding student in third year of class on dyeing and chemistry in sponsored classes held at Provincial Institute of Textiles, Province of Quebec, St. Hyacinthe, Que.
Publications: Canadian Textile Journal, monthly. Editor: F.G. Dafoe, 1 Pacifique St. St. Anne de Bellevue, Que. H9X 1C5.

162. CANADIAN ASSOCIATION ON WATER POLLUTION RESEARCH AND CONTROL.
Dept. of Civil Engineering and Applied Mechanics, McGill University, 817 Sherbrooke St. W, Montreal, Que. H3A 2K6. Tel.: (514) 392-5928. President: Dr. Walter Bulani, Faculty of Engineering Science, University of Western Ontario, London, Ont. N6A 5B9. Term expires February 1987. Secretary: Dr. Ronald Gehr, Dept. of Civil Engineering, McGill University, Montreal, Que. H3A 2K6. Term expires February 1987. Treasurer: Dr. H.R. Eisenhauer.

History: Canada joined the IAWPRC (International Association on Water Pollution Research and Control) in 1967. Two years prior to this, researchers from various Canadian universities initiated what was to become a series of annual conferences on water pollution research and published the proceedings. This publication is now a refereed journal, The Water Pollution Research Journal of Canada. The original group of researchers formed the Canadian National Committee (CNC) to serve as a link with IAWPRC. In 1984, the Canadian Association on Water Pollution Research and Control (CAWPRC) was formed as an autonomous body to organize local and national conferences, publish the Journal and liaison closely with the IAWPRC.
Purpose: To disseminate knowledge in the areas of water pollution research and control.
Membership: Approximately 200. Involvement in the areas of water pollution research and control is required.
Meetings: Two per year (February, October or November).
Publications: Water Pollution Research Journal of Canada, tri-monthly. Editor: Dr. R.J. Allan, National Water Research Institute, Burlington, Ont.

Term expires June 1987. Secretary: Dr. A.G. Thomas, Agriculture Canada, Research Station, 5000 Wascana Parkway, P.O. Box 440, Regina, Sask. S4P 3A2. Term expires June 1988. President-Elect: Dr. K.E. Denford, Dept. of Botany, University of Alberta, Edmonton, Alta. T6G 2E9.

History: The initiation of the Canadian Botanical Association began in 1963 when the Royal Society of Canada endorsed a recommendation of its Special Committee on the Role of Plant Sciences in Canadian Scientific Endeavour to foster the formation of a Canadian botanical society. Through the activity of its convenor, Dr. P.R. Gorham, Dr. R.A. Ludwig, Director of the Plant Research Institute of the Department of Agriculture, Canada, convened a meeting of 15 botanists to devise a plan for the creation of a botanical organization for those botanists who were not represented by current Canadian botanical societies. As a result of the action taken at this meeting, the Royal Society of Canada sponsored a meeting of representative Canadian botanists, to discuss the formation of a Canadian botanical society, on March 9, 1964. A provisional committee was established at this March meeting and a national meeting was scheduled in conjunction with the annual meeting of the Canadian Plant Physiologists Society that was held at Queen's University in June of 1964. A total of 68 botanists representing 29 institutions from seven provinces attended the meeting in Kingston. The formation of an interim organization, known as the Canadian Botanical Organization, was approved in principle. It was further agreed that a founding meeting would be scheduled for early spring at Carleton University. The founding meeting was held on May 26-28 at Carleton. A constitution and by-laws were approved, an executive was elected and the name the Canadian Botanical Association - Association botanique du Canada was established for the society.
Purpose: To encourage research and education in botany and to represent its members both nationally and internationally.
Membership: 400. The membership shall consist of persons having a scientific interest in botany.

185. **CANADIAN FEDERATION FOR THE HUMANITIES - FEDERATION CANADIENNE DES ETUDES HUMAINES.**
151 Slater Street, Suite 407, Ottawa, Ont. K1P 5H3. Tel.: (613) 236-4686.
President: Prof. François Duchesneau, Dept. of Philosophy, Université de Montréal, Box 6128, Station A, Montréal, Qué. H3C 3J7. Term expires May 1987. Executive Director: Viviane F. Launay, 151 Slater St., Ottawa, Ont. K1P 5H3. Term expires July 1987. Vice-President: Prof. Thomas Robinson, Dean of Graduate Studies, University of Toronto, Toronto, Ont. M5S 1A1.

History: Founded in 1943 as the Humanities Research Council of Canada, the Canadian Federation for the Humanities was incorporated under its present name in 1978. It is a non-profit organization composed of thirty learned societies, and individual and corresponding members from Canadian universities.
Purpose: To promote scholarship and research in the Humanities. The Federation assists in the development of research policies affecting the Humanities; promotes exchanges among scholars through the coordination of the activities of its member societies; administers a programme of aid to scholarly publications; represents the interests of the Humanities to the Government and other public organizations; and interprets the Humanities to the general public.
Membership: 8,000 individual members, corresponding members of Canadian universities, or through membership in the constituent learned societies, the Association of Universities and Colleges of Canada (AUCC). There are four classes of membership within the CFH: Constituent: a learned society or other eligible association; Representative: scholars appointed to represent the constituent membership; Individual: distinguished scholars elected by the General Assembly; Corresponding: one scholar named by each of the institutional members of the Association of Universities and Colleges of Canada (AUCC).
Meetings: Annual (Spring).
Professional activities: Addresses itself to major policy issues of concern to its constituency through its standing and ad hoc committees and occasional publications. To encourage exchanges between Canada's two main cultural groups, the Federation has published the "Bibliography of Canadian Books in Translation: French to English and English to French". It maintains links with various international bodies such as the Union académique internationale. In 1978, it founded the Canadian Academic Centre in Italy which has become a member of the Canadian

Mediterranean Institute in 1981. Since 1957, the Federation has administered an Aid to Scholarly Publications Programme with funds provided by an annual grant from the Canada Council and, since 1978, the Social Sciences and Humanities Research Council of Canada.

170 Attwell Drive, Ste. 602, Rexdale, Ont. M9W 5Z5. Tel.: (416) 674-0366.
President: Dr. M. Bozoruk, Institute for Research in Construction, National Research Council, Ottawa, Ont. K1A 0R6. Term expires September 1988. Secretary: Janet Newport, c/o Society. Director General: Tony Stermac.

History: The Canadian Geotechnical Society (CGS) began operation in 1972. Prior to this, geotechnical activities in Canada had been sponsored primarily by the Associate Committee on Geotechnical Research of the National Research Council of Canada (NRC). The series of Annual Geotechnical Conferences sponsored by NRC were continued by CGS. Local geotechnical groups that had been operating in several Canadian cities became local sections of CGS. The Society is a constituent society of the Engineering Institute of Canada. Local activities of the Society are administered on a regional basis. A director from each of the following regions is selected: British Columbia, Northern Alberta, Southern Alberta,

Saskatchewan, Manitoba, Southern Ontario, Ottawa Valley to Northern and Eastern Ontario, Western Quebec, Eastern Quebec, Atlantic Provinces. Local sections are operating in several Canadian cities within these regions. Technical divisions within the Society are set up as the need arises. The only technical divisions operating at this time are the Engineering Geology Division and Rock Mechanics Division. Technical committees active at the present time are: Canadian Foundations Engineering Manual, French Translation; Slope Stability; Research Cooperation Committee. Task forces at present are: Computer, Drilling and Sampling, Geotextiles

Purpose: The purpose of the Society shall be the stimulation of activities and cooperation among engineers and others for the advancement of knowledge in the geotechnical field in Canada. In Society affairs, the geotechnical field includes the study of the properties of soil, rock, peat, permafrost, snow and ice, the influence of environmental factors on such properties and the application of this knowledge.

Membership: 1,200. Membership is open to those interested in the work of the Society. Members: a) are eligible for or hold membership in a Provincial or Territorial Association or Order of Professional Engineers; b) hold full or corporate membership in another learned society recognized by the Board of Directors; c) have possessed a university degree or its equivalent for at least two years and have engaged in advancing knowledge in the geotechnical field. Associate Members: individuals who have received their university degree less than two years ago. Student Members. Affiliate Members: all individuals who are not eligible for one of the other classes of membership.

Meetings: Annual (September).

Professional activities: Legget Award - recipient is selected for outstanding achievements in the geotechnical field. C.G.S. Prize - recipient(s) are authors of the best paper in the preceding volume of the Canadian Geotechnical Journal. Canadian Geotechnical Colloquium - an invited lecture usually prepared by a person 35 years old or less. The objectives of the Colloquium are to develop new information on topics of importance to geotechnique in Canada and to recognize ability and encourage young people in their research careers. Other activities: Cross Canada Speaking Tours, Lecture Supplement Program. Roger J.E. Brown Memorial Award - recipient is selected for his outstanding achievements in the field of permafrost or for having published the best paper on permafrost in the Canadian Geotechnical Journal, the Canadian Journal of Earth Sciences, or in the Proceedings of National (Canada) or International Permafrost Conferences. The Thomas Roy Award, for best paper in Engineering Geology.

Publications: Canadian Geotechnical Journal, quarterly. Editor: Dr. J. Graham, Dept. Civil Engineering, Room 308, University of Manitoba, Winnipeg, Man. R3T 2N2. Geotechnical News, quarterly. Editor: John Adams, c/o Society.

189. **CANADIAN GERIATRICS RESEARCH SOCIETY.**
1235 Bay Street, Ste. 603, Toronto, Ont. M5R 3K4. Tel.: (416) 962-4271. President: Jed Purcell, c/o Society. Term expires June 1987. Secretary Treasurer: Dr. R.H. Fischer. Term expires June 1987. Chairman: Paul Adams, 180 Dundas W, Toronto, Ont. Executive Director: Donna E. Metcalfe, c/o Society.

History: About 31 years ago, Dr. W.W. Priddle, F.A.C.P., F.R.C.P.(C) and Harold S. Shannon, a prominent Toronto business man, conceived the idea of an organization specifically directed to clinical medical research into the degenerative diseases resulting from the aging processes. Great strides had been made in medicine, only a small part relating to geriatrics. With the many problems of aging being related to degenerative diseases, it was apparent that these diseases must be studied in their incipient stages with emphasis on prevention. Thus came into being by charter in March, 1955, an organization known as the Ontario Geriatrics Research Society. From this beginning has grown the Canadian Geriatrics Research Society with the issuance of Letters Patent by the Province of Ontario on April 16th, 1975.

Purpose: A non-profit organization dedicated to the financial support and medical implementation of basic and clinical research as well as related technological studies in the field of geriatrics - the medical arm of gerontology which embraces all sciences dealing with mental, physical and socio-economic ailments and problems resulting from the aging process. Represents expanding and intensified medical and technological studies of the process and diseases of age and aging, and the prevention and treatment of degenerative physical and mental diseases associated with aging. The Society seeks to prevent, or at least to reduce, the misery, suffering and privation resulting from impaired hearing, sight, locomotion and mental faculties; the deterioration of the muscular, circulatory and nervous systems; respiratory and glandular failures, to name only a few of the ailments and diseases that, particularly in senior years, can replace happiness, vitality and wellbeing with a meaningless, useless, and burdensome existence.

Membership: Individuals definitely interested in geriatrics - particularly in geriatric research.

Meetings: Annual (June).

Professional activities: Research activities are directed by a Medical Advisory Board of prominently capable specialists who devote their time and knowledge to this humanitarian work without personal benefit.

Library: The J.W. Crane Memorial Library is a collection of information on geriatric medicine and gerontology. the library

endeavours to purchase all new books in geriatric medicine, subscribe to the geriatrics periodicals, and maintain a file of reprints of articles on geriatrics from other medical journals. Materials are selectively collected on the social and psychological aspects of aging, and on the biology of aging. The services of a professional librarian are available to answer questions and to provide information, bibliographies and materials on any subject in geriatrics and gerontology. The collection and services of the Library are available to other libraries through interlibrary loan.

196. **CANADIAN INFECTIOUS DISEASE SOCIETY - LA SOCIETE CANADIENNE DE MALADIES INFECTIEUSES.**
c/o Secretary: M.I. Bowmer, Health Sciences Centre, St. John's, Nfld. A1B 3V6. Tel.: (709) 737-6547. Term expires September 1986. President: W. Bowie, Faculty of Medicine, University of B.C., Vancouver, B.C. Term expires September 1986.

History: Incorporated in letters patent May 1978 to promote excellence in technical practice of infectious disease, to encourage a high standard of research and investigation in infectious disease, to provide a forum, to promote the dissemination of knowledge, to improve education in universities and to liaise with government agencies.
Purpose: Through annual meetings, the sponsorship of special symposia and scientific sessions as well as the development of collaborative research projects, the Canadian Infectious Disease Society has promoted the academic development of this clinical discipline.
Membership: 119 Members; 15 Sustaining Members. Four classes of membership: Active, Honorary, Sustaining and Associate.
Meetings: Annual (September).
Professional Activities: Clinical research trials, annual symposia, organizes clinical and scientific sessions as a member of the Canadian Society for Clinical Investigation and Royal College of Physicians and Surgeons.

197. **CANADIAN INFORMATION PROCESSING SOCIETY - ASSOCIATION CANADIENNE DE L'INFORMATION.**
243 College Street, 5th Floor, Toronto, Ont. M5T 2Y1. Tel.: (416) 593-4040. President: Marilyn Harris, David Aplin & Associates, 525 First Alberta Place, 777-8th Ave. Sw, Calgary, Alta. T2P 3R5. Term expires May 1987. Secretary-Treasurer: Ken Arliss, Kodak Canada Ltd., 3500 Eglinton Ave. W., Toronto, Ont. M6M 1V3. Tel.: (416) 766-8233. Term indefinite. Director: Grace Brooker, c/o Society. Term permanent.

History: The field of interest of the Canadian Information Processing Society, formerly the Computer Society of Canada, is the electronic computer and all its applications. The Society was formed shortly after a Canadian conference on the subject in June 1958 at the University of Toronto. The enthusiastic response of more than 400 persons attending this conference clearly indicated a need for an organization to bring together the many interests of the scientists, businessmen and women, university professors and others who are making their careers in the field of computing and information processing. The Society is managed by a National Board of Directors elected by the membership. The Board elects its own officers with the exception of the First Vice-President who is elected by the membership, and who automaticallly becomes the President the following year. Ten directors represent nine electoral regions of Canada and are elected by members resident in each region. The National Board determines overall policy and is responsible for Society publications, conferences, membership and the collection of dues. The focal point of Society activities lies at the local section level where regular programs of invited speakers, panels, tours, etc., take place between September and June each year. Sections operate in the following centres in Canada: Victoria, Vancouver, Calgary, Edmonton, Saskatoon, Regina, Winnipeg, Waterloo, Hamilton, Toronto, Kingston, Ottawa, Montreal, Quebec and Halifax, Red Deer, Moncton, London, Nanaimo, Fredericton, St. John's, Saint John, and Kamloops. The Society is a charter member of the International Federation for Information Processing (IFIP), and represents Canada in this worldwide organization. The Society also participates in the work of the International Organization for Standardization (ISO) through its membership in the Committee on Computers and Information Processing of the Canadian Standards Association, The Society co-operates with the Association for Computing Machinery (ACM) in publishing Computing Reviews and maintains close relations with it in other fields. In 1971 the Computer Science Association joined CIPS as a special interest group for university computing science.
Purpose: The advancement of computing and information processing by: holding meetings and conferences; collaborating with educational institutions and other specifically interested groups; publishing technical and other information; exchanging information between members and between similar associations; fostering educational programs for the membership; providing a national source of information and representation; and representing Canada in international societies concerned with information processing.
Membership: 4,700; Active, Honorary and Institutional members. Active: individuals engaged in the administration, practice or teaching of computing and information processing. Honorary: granted to those who, in the opinion of the National Board, would further the objectives of the Society, but who do not qualify for active membership. Institutional: organizations which make an annual financial contribution to the Society to further the Society's objectives.
Meetings: Annual Meeting (May). Annual National Conference. Annual National Seminar.
Professional activities: The Education Committee has the triple concern of member education, relations with educational institutions and education of the public. It publishes a Survey of Computer Science Courses at Canadian Institutions. Several sections have held computer days for high school students. Seminars for the general public on such subjects as computers in education or application of computers in government are being arranged. These will be of a high standard and will be held across Canada. The Society has developed a panel of qualified

speakers available for local sections.
Publications: CIPS Review/La Revue ACI, 6/year. Canadian Computer Census, annual. Infor Journal, quarterly. CIPS TIPS. Conference Proceedings. Membership Directory

202. CANADIAN INSTITUTE OF MINING AND METALLURGY (CIM).
Suite 400 - 1130 Sherbooke St. W., Montreal, Que. H3A 2M8. Tel.: (514) 842-3461. Telex: 055-62344. President: C. Bruce Ross, 67 Kingsway, Toronto, Ont. Term expires May 1987. Secretary: J.E. Robertson. Term indefinite. Executive-Director: P. Michaud. Term indefinite. President Elect: Mr. Milne.

History: The development of several small local and provincial mining organizations culminated in 1898 in the formation of the Canadian Mining Institute, incorporated by Act of Parliament to include the various provincial groups. In 1920 the official name was changed to The Canadian Institute of Mining and Metallurgy.
Purpose: To promote the arts and sciences connected with the economical production of valuable minerals and metals, by means of meetings for the reading and discussion of technical papers, and the subsequent distribution of such information as may be gained through the medium of publications.
Membership: 13,000. Member: holds at least a first terminal degree (usually a bachelor's degree) from a recognized university in the field of engineering and/or sciences pertaining to the exploration, extraction or treatment of mineral resources and their derivatives; holds at least a first terminal degree (usually a bachelor's degree) from a recognized university in sciences or disciplines other than those mentioned above but whose main activities lie in the development, the management, the administration, the welfare and the servicing of the industries directly concerned with the mineral resources and their derivatives or in the educational field pertaining thereto; while not holding a first terminal degree from a recognized university, has accumulated enough training and experience in some area of the mineral industry. The minimum experience of the candidate should, however, be no less than two years for the holder of a terminal diploma from a school specialized in mineral technology and five years for the others. The appreciation of the value of the training and experience of the candidate shall be initiated by the Enrolment Committee. The Executive Committee and the Council of the Institute shall act upon the recommendation of that committee. Junior Members: a person of integrity not more than thirty years of age who is a graduate of a technical school approved by Council or is engaged in any form of work such as would ultimately qualify the applicant for enrolment as a member. At the end of the fourth year following the date of enrolment in that category, the Junior Member shall automatically become Member or Associate Member. Corporate Members: a corporate body or private company engaged in the development, exploitation, or treatment of mineral resources or which, in the opinion of Council, is interested directly or indirectly in the advancement of or service to the mining, metallurgical or petroleum industries.

Associate Member: a person of integrity who, while not possessing the academic training or technical experience required of a Member, is active in fields that are, in the opinion of the Council, sufficiently related to the advancement of, or service to, the mineral industry and shall have occupied a position of responsibility in those fields for a period of at least five years. Student Member: a person enrolled in a Canadian university, college, technological or technical school as a bona fide student in courses which normally lead to a career in the mineral industries. The status of a Student Member may be retained as long as the person is an under-graduate or a post-graduate student and until December 31st of the year in which the diploma normally granted after successful completion of the courses is obtained. Upon receiving such a diploma, the Student Member shall be automatically transferred to the appropriate class of membership providing enrolment as a Student Member is in good standing and the required fee is paid. Such a person shall have a seniority in the Institute dating from the year of enrolment as a Student Member.

Sherwood, c/o Institute. Term indefinite.

History: The Town Planning Institute of Canada was incorporated under federal charter on October 22, 1923 and remained active until the mid-1930's. In 1952, the charter was re-activated and by supplementary letters patent, May 13, 1974, the name of the Institute was changed to the Canadian Institute of Planners. C.I.P., an affiliated organization since 1972, is the professional body representing planners in Canada. There are three classes of membership: Members; Provisional Members; and Students. CIP deals with national issues of concern to planners such as the development of an Institute position on energy, transferability of membership rights from province to province, membership standards and policies, recognition of planning schools, etc. Implementation of national policies are carried out by the affiliates. All CIP members belong to both the national body and to a local affiliate. The affiliates are: Planning Institute of British Columbia, Alberta Association of Canadian Institute of Planners, Association of Professional Community Planners of Saskatchewan, Manitoba Association of Canadian Institute of Planners, Eastern Ontario Chapter of Canadian Institute of Planners, Corporation professionnelle des urbanistes du Quebec, Atlantic Planners Institute.
Purpose: To show initiative in efforts at all levels to maintain and improve the quality of the environment of Canadian cities and regions; to advance and promote the values, use and methods of planning in the development of Canadian cities and regions; to promote and maintain high standards of professional planning practice and ethical behaviours in relation to the broad public interest, to the profession and to the client; to encourage communication and cooperation among all professions concerned with improving the quality of the urban and regional environment.
Membership: 3,000: Members - Provisional, Students, Fellows, Honorary. Student Members: a Canadian graduate programme in planning; or a Canadian undergraduate programme in planning whose degree is recognized by the National Membership Committee; or a foreign programme in planning recognized by the Royal Town Planning Institute or the American Institute of Planners. Provisional Members: Provisional Membership is available to persons who hold: a bachelor's degree recognized by the N.M.C.; or its equivalent as determined by the N.M.C. and who has shown evidence acceptable to the N.M.C. that the person seriously intends and expects to become a Member within seven years from the date of admission to Provisonal Membership. Member: a doctorate, master's or four-year bachelor's degree in planning

recognized by the N.M.C. and has obtained at least two years of professional planning experience, not less than one of which shall have been responsible planning experience in Canada; or a master's degree or doctorate recognized by the N.M.C. in a field related to planning as defined by the N.M.C. and has acquired four years of professional planning experience, not less than two of which shall have been obtained in Canada including at least one year of responsible planning experience, and who has satisfied the Institute's examination requirements; or a bachelor's or higher degree recognized by the N.M.C. or an equivalent qualification as determined by the N.M.C. and has acquired six years of professional planning experience, not less than two years of which shall have been obtained in Canada including at least one year of responsible planning experience; and who has satisfied the Institute examination requirements. Special admission to membership is available to a person who has applied for membership and who, on the recommendation of the National Membership Committee: has membership in an association of professional planners; and whose qualifications for that membership in the opinion of the N.M.C. are the equivalent of those of a Member of the Institute; or in the opinion of the N.M.C. has been engaged in ten years of professional planning experience of which at least five have been of a responsible nature in Canada; and is, in the opinion of the N.M.C., deserving of special consideration by virtue of the professional planning work the applicant has undertaken; and has been nominated to be a Member by three Members of the Institute having direct knowledge of the applicant's work; and may become a Member after satisfying the examination requirements and having been elected by a majority vote of Council.

History: Organized in 1867; incorporated in 1909. A federation of ten provincial divisions, each autonomous in its own sphere, but combining to form the largest medical association in this country. These provincial medical associations unite at the national level through the C.M.A. for the more effective handling of health and medical issues common to all. The General Council, the parliament and policy maker of Canadian medicine, is a widely representative democratic body of approximately 210 members who comprise the Council. It is composed of the officers of the Association, representatives of the Divisions, chairmen of the Councils, the Past-Presidents, representatives of affiliated national medical societies, and a few other members in special classes. The General Council meets at the time of the annual meeting and receives for deliberation the reports of the Board of Directors, wholly owned subsidiary MD Management Limited and all special committees. The General Council elects annually the officers and members of the Board of Directors. The Board of Directors, the cabinet of the C.M.A., consists of the officers of the Association and representatives of each Division - a total of 24 members. The Board of Directors, meets at least four times a year; serving to implement decisions of the General Council and to act for it between meetings. Councils: the three Councils, the Council on Medical Education, the Council on Health Care, and the Council on Economics work in clearly defined areas. Each reports to the General Council and makes recommendations relating to its specific field

of responsibility. The General Council and the Board in turn refer to the Councils problems and suggestions which require deliberation and recommendations. MD Management Limited, a wholly CMA owned subsidiary corporation, is charged with the responsibility of operating a retirement savings plan and other CMA membership, investment and services programs.
Purpose: To promote the medical and related arts and sciences and to maintain the honour and the interests of the medical profession; to aid in the furtherance of measures designed to improve the public health and to prevent disease and disability; to promote the improvement of medical services however rendered; to publish the Canadian Medical Association Journal and such other periodic journals as may be authorized, together with such transactions, reports, books, brochures, or other papers as may promote the objects of the Association; to assist in the promotion of measures designed to improve standards of hospital and medical services; to promote the interests of the members of the Association and to act on their behalf in the promotion thereof; to grant sums of money out of the funds of the Association for the furtherance of these objects; and to do such other lawful things as are incidental or conducive to the attainment of the above objects.
Membership: Approximately 38,000. Every member in good standing in a Division is automatically an ordinary member of the Canadian Medical Association on payment of the required fee.
Meetings: Annual (August).

219. CANADIAN NUCLEAR ASSOCIATION.
(En français voir: ASSOCIATION NUCLEAIRE CANADIENNE)
111 Elizabeth St., Toronto, Ont. M5G 1P7. Tel.: (416) 977-6152. Telex: 06-23741. President: Dr. N. Aspin, 111 Elizabeth St., Toronto, Ont. M5G 1P7. Term indefinite. General Manager: James A. Weller, 111 Elizabeth St., Toronto, Ont. M5G 1P7. Term indefinite. Chairman: Sam Horton, Ontario Hydro, 700 University Ave., Toronto, Ont. Term expires June 1987.

History: The Canadian Nuclear Association is a non-profit voluntary membership body, established in 1960, for the purpose of promoting the orderly and sound development of nuclear energy for peaceful uses in Canada and abroad. The CNA is not a trade association in the strict sense of the term. A trade association is normally regarded as an association of competitors joined for the promotion and protection of the trade, or industry in which they compete. Because of the extreme breadth and complexity of nuclear application, the "nuclear industry" is not a single, well defined industry, but one composed of many industries and enterprises, held together by the unifying bond of interest in the development and application of nuclear energy for peaceful purposes. Consequently, the Association's membership includes manufacturers, electric power utilities, architects, and consulting engineers, construction firms, banks, insurance companies, transportation companies and non-profit enterprises such as educational institutions, research laboratories, labour unions, and departments of federal and provincial governments. In addition, the Association caters to the requirements of individuals interested in nuclear energy by fulfilling some of the functions of a learned society through the Canadian Nuclear Society. This Society, which is the Technical Society of the Canadian Nuclear Association, provides a forum for the exchange of specialized knowledge relating to all aspects of the peaceful uses of nuclear energy.
Purpose: To promote and foster an environment favourable to the healthy growth of the uses of nuclear energy and radioisotopes; to encourage co-operation between various industries, utilities, educational institutions, government departments and agencies, and other authoritative bodies which have a common interest in the development of economic nuclear power and uses of radioisotopes; to provide a forum for the discussion and resolution of problems which are of concern to the members, to the industry

or to the Canadian public generally; and to stimulate co-operation with other associations that have similar objectives and purposes.
Membership: 150. Membership is available to any Canadian or overseas organization which is, or expects to be, engaged in some form of nuclear activity and is interested in the objectives of the Association. Individual membership is available to all persons employed by member organizations.
Meetings: Annual (June).
Library: A small library on nuclear topics. Open to members and the public.
Publications: Nuclear Canada, 11 issues a year. Editor: J.A. Weller, Canadian Nuclear Association, 111 Elizabeth St., Toronto, Ont. M5G 1P7. Nuclear Notes, a periodic information service for members of the Canadian Nuclear Association. Proceedings of Annual Conferences from 1961 to date. Nuclear Canada Yearbook. Various other publications on nuclear subjects.

220. CANADIAN NUCLEAR SOCIETY.
(En français voir: SOCIETE NUCLEAIRE CANADIENNE)
111 Elizabeth St., 11th Floor, Toronto, Ont. M5G 1P7. Tel.: (416) 977-6152. Telex: 06-23741. President: Nabila Yousef, Ontario Hydro, 700 University Ave., Toronto, Ont. M5G 1X6. Term expires June 1987. Vice-President: I. Itzkovich, Eldorado Nuclear, 400-255 Albert St., Ottawa, Ont. K1P 6A9. Term expires June 1987. Secretary: Dr. G. Phillips. Term expires June 1987. General Manager: J.A. Weller. Term indefinite.

History: The Canadian Nuclear Society is a society of men and women who have a professional interest in nuclear science and technology as well as an abiding concern for the emerging global energy-resource crisis. Most CNS members are engineers and scientists actively contributing to the solution to technical problems connected with nuclear energy production, utilization and resources, while other members pursue nuclear applications outside the energy field. Many members are concerned also with the socio-economic factors which will determine, in the final analysis, the particular mix of energy alternatives which will be at the disposal of future societies. The choices that are currently being made will profoundly affect economic and political order in the world of the future and will determine the course of development of the human condition in all estates.
Purpose: To act as a forum for the exchange of information relating to nuclear energy among diverse specialists, members of learned societies, and others; to hold meetings for the presentation, discussion and publication of scientific, technical and other papers relating to nuclear energy; to organize branches which will provide focal points for the individual and regional interests of members across the country; to engage in such activities as may pertain to the objectives of the Society in particular and to the Canadian Nuclear Association in general. The Canadian Nuclear Society has as one of its prime objectives the development of opportunities for the exchange of information relating to nuclear science and technology among diverse specialists both within the Canadian Nuclear Society and with the established learned societies. An important additional role for the Canadian Nuclear Society over the critical next few years will be to enable its members to constructively influence decisions on energy issues. A concensus view of energy issues derived from individual Canadians engaged in energy science and technology will be welcomed by both the elected decision-makers and the population in general. The Canadian Nuclear Society will strive to assure that such a concensus view is heard.
Membership: Membership of the Canadian Nuclear Society shall be open to all persons who qualify according to the requirements of the Membership Committee of the Council. In general, membership eligibility shall be determined on the basis of individual interest in, and potential contribution toward, the field of nuclear energy.
Meetings: Annual (June).
Professional activities: Organize conferences, symposia, etc. on specialized technical, scientific topics as well as the Annual Conference of the Canadian Nuclear Society held in conjunction with the Annual International Meeting of the Canadian Nuclear Association; collaborate in organizing the CNS Annual Student Conference on Nuclear Topics; develop CNS branches in various localities and at universities; develop topical divisions of the CNS; organize topical seminars; produce a CNS newsletter; other program items suggested by the CNS membership; publication of a technical journal.
Publications: CNS Bulletin SNC, 6/year. Editor: Dr. David Mosey, Ontario Hydro, 700 University Ave., Toronto, Ont. M5G 1X6. Proceedings of Annual Conference and of Technical Symposia. Nuclear Journal of Canada - Revue Nucleaire du Canada, 4/year.

Fellow: legally qualified medical practitioner in the field of allergy or clinical immunology for 5 years; has received full-time training of at least 1 year in post-graduate allergy or clinical immunology instruction; has been certified by Royal College of Physicians of Canada or equivalent; has at least 50% of his professional activity confined to the field of allergy or clinical immunology. Associate: must be a member of the medical profession who has shown an active interest in the field of allergy or clinical immunology and who is certified by the Royal College of Physicians in a specialty or has equivalent standing. Affiliate: must be a scientist who has made

meritorious contribution to the knowledge of allergy or clinical immunology.
Meetings: Annual (Fall).

249. CANADIAN SOCIETY OF ANIMAL SCIENCE.
c/o Agricultural Institute of Canada, 151 Slater St., Suite 907, Ottawa, Ont. K1P 5H4. Tel.: (613) 232-9459. President: Dr. Dave Mowat, Dept. of Animal & Poultry Science, University of Guelph, Guelph, Ont. N1G 2W1. Term expires August 1987. Secretary: D.R. McKnight.

History: Organized in 1951. Name changed from Animal Production to Animal Science July, 1971. Branches: Eastern (east of the Lakehead) Branch and Western Branch.
Purpose: To afford opportunities for discussion of problems of common interest in the animal and poultry industries; to provide avenues for improvement and co-ordination of research, extension and teaching related to sciences of the animal and poultry industries; to encourage publication of scientific and other educational material pertaining to the animal and poultry industries.
Membership: 39 Honorary Members; 500 Members. Persons engaged or previously engaged in research, teaching, administration, extension, production, marketing, or otherwise engaged or interested in the animal and poultry industries are eligible for membership.
Meetings: Annual (Summer).
Professional activities: Awards honorary memberships to retiring members, and certificates of merit to a maximum of three members per year for outstanding contribution in any field of animal agriculture; awards a Book Prize annually to the outstanding graduating student (B.Sc.) in Animal Science, Poultry Science, Nutrition or Food Science in each of the Faculties of Agriculture in Canada; involved in the awarding of medals and other honours open to members of the societies affiliated with the Agricultural Institute of Canada. Annual meeting includes symposium and technical sessions (includes graduate student competition), publication of proceedings including abstracts. Awards two medals of excellence, certificates of merit and honorary life memberships plus 7 prizes to undergraduate students.
Publications: Canadian Journal of Animal Science, quarterly. Editor: Dr. J.G. Buchanan-Smith, Dept. of Animal & Poultry Science, University of Guelph, Guelph, Ont. N1G 2W1.

250. CANADIAN SOCIETY FOR CELL BIOLOGY.
Tel.: (506) 453-4695. President: Dr. Alden H. Warner, Dept. of Biology, University of Windsor, Windsor, Ont. N9B 3P4. Term expires June 1988. Secretary: Dr. Burr G. Atkinson, Dept. of Zoology, University of Western Ontario, London, Ont. N6A 5B7. Term expires June 1987.

History: In May 1966 a scientific meeting devoted to all aspects of cell biology was held at Queen's University, Kingston, Ont. This meeting was instigated by a group of biologists who were concerned with bringing together workers in borderline areas of cell biology such as experimental cytology and cytochemistry, electron microscopy, developmental genetics, cytogenetics, virology, immunology, molecular biology, and cellular biochemistry and biophysics. At this meeting, the Canadian Society for Cell Biology was founded and a Constitution and By-Laws were adopted. The Society immediately applied to join the Canadian Federation of Biological Societies and was admitted in July 1967.
Purpose: To encourage research, exchange of ideas and information, and education in the field of cell biology. The By-Laws state that cell biology be defined as the study of the structural organization and physical and chemical processes involved in the origin, growth, development and functioning of cells and their component parts.
Memberships: 3 Honorary Members: 300 Full Members; Honorary Members: persons of distinction in the field of cell biology, elected by the Society. Full Members: persons who through research or scholarship have demonstrated an interest in cell biology are considered eligible. Student Members: persons who are registered in a graduate programme in some area of cell biology.
Meetings: Annual (June).
Publications: Bulletin. 2-3/year. Editor: Dr. Selma Zimmerman, Division of Natural Sciences, Glendon College, York University, 2275 Bayview Ave., Toronto, Ont. M4N 3M6.

251. CANADIAN SOCIETY FOR CHEMICAL ENGINEERING.
(En français voir: SOCIETE CANADIENNE DU GENIE CHIMIQUE)
1785 Alta Vista Dr., Ottawa, Ont. K1G 3Y6. Tel.: (613) 526-4652. President: Dr. F.D. Otto, University of Alberta, Edmonton, Alta. Term expires October 1987. General Manager: A.E. Alper. Term indefinite.

History: Established in 1966 as a constituent society of the Chemical Institute of Canada. It superseded the former Chemical Engineering Division of the C.I.C. Six Local Sections: Edmonton, Kingston, Montreal, Ottawa, Sarnia, Toronto.
Purpose: To serve as the national technical, scientific, educational and professional organization of chemical engineers.
Membership: 2,363. Degree in chemical engineering from a recognized university and at least two years experience in chemical engineering or industrial chemistry required for full membership.
Meetings: Annual (Fall).
Professional activities: R.S. Jane Memorial Lecture Award. EACO Award.
Publications: Canadian Journal of Chemical Engineering, bi-monthly. Editor: N. Epstein, Dept. of Chemical Engineering, University of British Columbia, Vancouver, B.C. Directory of Chemical Engineering Research in Canadian Universities, annual.

252. **CANADIAN SOCIETY FOR CHEMICAL TECHNOLOGY.**
(En français voir: SOCIETE CANADIENNE DE TECHNOLOGIE CHIMIQUE)
1785 Alta Vista Dr., Ottawa, Ont. K1G 3Y6. Tel.: (613) 526-4652.
President: G.N. Killoran, MCIC, Northern College, Kirkland Lake, Ont. P2N 3L8. Term expires June 1987.
Executive-Secretary: Joan Moon, c/o Society

History: Formerly the Canadian Society for Chemical & Biochemical Technology, the Canadian Society for Chemical Technology is the product of some individuals who felt that the interests of chemical and biochemical technicians & technologists had to be protected. It was conceived at the 54th Canadian Chemical Conference of the Chemical Institute of Canada in Halifax in 1971.
Purpose: To maintain a high professional standard among members; to advance chemical technology in theory and practice; to provide membership services.
Membership: 500. Honorary Member: an individual to whom the Society grants special recognition. Member: 1) holds valid certification as a Chemical or Biochemical Technologist under the Certification Program of the Society; 2) a member of a provincial or territorial association of technologists having membership requirements substantially equivalent; technological education is accepted as equivalent to 1) by Credentials Committee. Adjoint Member: engaged in or associated with the practice of chemical technology and who does not possess qualifications for election as a Member; any member of The Chemical Institue of Canada, other than a Student Member, who is not otherwise qualified for membership in the Soiciety. Student Member: an individual who is enrolled in an approved curriculum as accredited by the Society.
Meetings: Annual (June).
Professional activities: Bright Memorial Award: to acknowledge the contribution technologists make to the industrial and/or scientific community.
Publications: Canadian Chemical News, 11/year. Editor: Margaret Nearing, c/o Society.

253. **CANADIAN SOCIETY FOR CIVIL ENGINEERING.**
Suite 700, 2050 Mansfield St., Montreal, Que. H3A 1Z2. Tel.: (514) 842-5653. Telex: 0126189. President: Chris D. Thompson, Trow Inc., 1595 Clark Blvd., Brampton, Ont. L6T 4V1. Term expires May 1987. Senior Vice-President: Daniel W. Smith, Dept. of Civil Engineering, University of Alberta, Edmonton, Alta. T6G 2E7.

History: The Society, established in 1972, is a Constituent Society of The Engineering Institute of Canada - self-governing within the framework of the EIC Charter. It is the designated arm of the Engineering Institute of Canada, nationally and internationally, in matters pertaining to civil engineering. The Society recognizes the responsibility of cooperating with the Institution of Civil Engineers, la Société des Ingénieurs Civils de France, the American Society of Civil Engineers, and other learned and professional societies in the interchange of membership and information.
Purpose: The objects of the Society are: to develop and maintain high standards in the theory and practice of civil engineering; to facilitate the acquirement and the interchange of professional knowledge among its members; to enhance the usefulness of the profession; to collaborate with universities and other educational institutions in the advancement of Civil Engineering; to cooperate with other technical societies for the advancement of the profession; to encourage research and the study, development and conservation of the resources of Canada. Technical divisions: established within the Society to ensure adequate services to all members and to provide appropriate representation on the Board of Directors and on Committees; Computer Applications Division, Hydrotechnical Division, Environmental Division, Structural Division, Transportation Division, Construction Division.
Membership: 6,830. 5,330 Corporate Members; 1,500 Student Members. Members: persons who have the qualifications for associate membership and have held a position of professional responsibility for at least five years may be admitted as Members. Associate Members: shall be individuals who have graduated from a school of engineering recognized by the Board of Directors, or who are members of an institute or association whose membership qualifications are recognized by the Board of Directors. Every candidate for associate membership who does not qualify under the above requirements shall be required to prove that he would be eligible for membership in a provincial or territorial association or order of professional engineers in Canada. Student Members: shall be individuals who are pursuing a course of instruction in engineering at a school of engineering recognized by the Board of Directors. Professional Affiliates: shall be individuals possessing an acceptable university degree or its equivalent in a field other than engineering, and who subscribe to the objects and activities of the Society. Technical Affiliates: shall be individuals who do not possess an acceptable university degree or its equivalent, and who subscribe to the objects and activities of the Society. Honorary Members: shall be elected by the Board of Directors from individuals not eligible to be Members, who have achieved outstanding distinction by service to the profession of civil engineering. Fellows: shall be members who have attained civil engineering excellence and who have contributed actively towards the progress of their profession. Corporate Members: shall be Fellows and Members all of whom shall be in good standing.
Meetings: Annual (May).

Professional activities: National and Regional Technical Conferences, Symposia, National Lecture Tours, Student Conferences and Technical Meetings on various aspects of civil engineering in cities across Canada. Annual Awards: Growski Medal, Keefer Medal, Duggan Medal, A.B. Sanderson Award, J.A. Vance Award. Research Activity: Limit States Design.
Publications: Society's Journal (published through N.R.C.): Canadian Journal for Civil Engineering, bi-monthly. Editor: Roger Dorton, Structural Office, Min. of Transportation & Communications, 3501 Dufferin St., 4th Fl., Downsview, Ont. M3K 1N6. Canadian Civil Engineer, bi-monthly. Editor: Elizabeth A. Gormley, c/o Society.

254. CANADIAN SOCIETY OF CLINICAL CHEMISTS - LA SOCIETE CANADIENNE DES CLINICO-CHIMISTES.
151 Bloor St. W., Ste. 480, Toronto, Ont. M5S 1T3. Tel.: (416) 961-1799.
President: Dr. Raymond R. Ogilvie, Dept. of Clinical Biochemistry, Toronto Western Hospital, 399 Bathurst St., Toronto, Ont. M5T 2S8. Term expires June 1987.
Executive Director: Gerald Nason, Ste. 480, 151 Bloor St. W., Toronto, Ont. M5S 1T3. Term indefinite.
President-Elect: Dr. Arlene Crowe, Hotel Dieu Hospital, Kingston, Ont. K7L 3N6. Term expires June 1987.

History: Organized in 1956 as the Canadian Society for Clinical Chemistry. It was incorporated under its present name in 1965. The Society has six provincial chapters and one local section. Provincial Societies are as follows: British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Nova Scotia and one Local Section in Montreal. The Society has a number of active committees both standing and ad hoc: Committee on Awards; Committee on Certification; Committee on Accreditation of Training Programs for Medical Laboratory Technology; Committee on Education; Committee on Equipment; Committee on Reference Methods; Committee on Nominations; Committee on Professional Affairs; Committee on Quality Control; Committee on SI Units; Committee on Finance; Committee on Research; Committee on Pollution. The Society is a member society of the Intersociety Council of Laboratory Medicine of Canada (ICLMC); a member society of the International Federation of Clinical Chemists (IFCC) and the International Union of Pure and Applied Chemistry (IUPAC). Certification Program: the Society has contributed significantly to the professional development of clinical chemistry in Canada. The efforts of the Committee on Certification have resulted in a program by means of which fully qualified clinical chemists may now be recognized. Full members of the Society are eligible to apply for certification.
Purpose: The objectives as stated in the Letters Patent, namely: to carry on, without pecuniary gain, a scientific and professional society for the advancement of the practice of clinical chemistry, to hold scientific meetings and conferences, to disseminate information of professional interest, to encourage the development and use of improved methods, apparatus and quality control, to develop and extend graduate programs and to establish affiliation and/or close liaison with other societies and groups. The operations of the Corporation may be carried on throughout Canada or elsewhere. Clinical Chemistry shall be defined as the application of chemical concepts and techniques to the prevention, detection, diagnosis, treatment and understanding of disease.
Membership: 548. 4 Honorary, 26 Emeritus, 113 Certified, 294 Full, 75 Associate and 36 Student. A person is eligible for Full membership who has graduated from a university programme approved by the Society with a master's degree or doctoral degree (includes Ph.D., D.Sc., M.D., M.B., Ch.B D.V.M.) or equivalent and is engaged in professional activity in clinical chemistry. Associate membership is awarded to people associated with the practice of clinical chemistry but who do not qualify for Full membership.
Meetings: Annual (June).
Professional activities: Extensive scientific programme including symposiums, workshops and roundtables. Scientific exhibits and posters. Ames Award (Ames Division, Miles Laboratories Ltd.) for outstanding achievement in clinical chemistry. Accreditation of teaching institutions in Canada and individual continuing education credits through Education Committee.
Publications: Clinical Biochemistry, bi-monthly. Co-Editors: Dr. David M. Goldberg, Dept. Clinical Biochemistry, Hospital for Sick Children, 555 University Ave., Toronto, Ont. M5G 1X8, and Dr. W.H.C. Walker, Dept. of Pathology, McMaster Medical Centre, 1200 Main St. W., Hamilton, Ont. L8X 4J9. CSCC NEWS, bi-monthly. Editor: Dr. Ed Young, Division of Clinical Chemistry, Henderson General Hospital, 711 Concession Street, Hamilton, Ont. L8V 1C3.

255. CANADIAN SOCIETY FOR CLINICAL INVESTIGATION - LA SOCIETE CANADIENNE DE RECHERCHES CLINIQUES.
President: Dr. Jacques de Champlain, University of Montreal, Montreal, Que. Term expires September 1986.
Secretary-Treasurer: Dr. Emil Skamene, Montreal General Hospital, Div. of Clinical Immunology & Allergy, 1650 Cedar Ave., Montreal, Que. H3G 1A4. Term expires September 1987.
President-Elect: Dr. Marvin Bala, University of Saskatchewan. Term expires September 1987.

History: In the late 1940's Dr. J.S.L. Brown realized the existing need for a forum where Canadian investigators and clinical scientists might present and discuss their work. The first recorded document of this Society is dated July 4, 1951. The Canadian Society for Clinical Investigation was incorporated under the Companies Act of Canada in 1961.
Purpose: To encourage a high standard of

research and investigation directly related to the clinical sciences; to serve as a medium of exchange of ideas and knowledge relating to the clinical sciences.
Membership: 850 Active Members. Nominations for membership submitted by members to Council for approval.
Meetings: Annual (September).
Professional activities: Schering Travelling Fellowship, $10,000, awarded to 9 members and 2 non-members.
Publications: Clinical and Investigative Medicine, quarterly. Editor: Dr. Carl Goresky, Montreal General Hospital, 1650 Cedar Ave., Montreal, Que. H3G 1A4.

256. CANADIAN SOCIETY OF CLINICAL NEUROPHYSIOLOGISTS.
President: Dr. R.D.G. Blair, Ste. 309, 25 Leonard Dr., Toronto, Ont. M5T 2R2. Term expires June 1988. Secretary: Dr. W. Becker, Rm. M3-016, Calgary General Hospital, 841 Centre Ave. East, Calgary, Alta. T2E 0A1. Term expires June 1986.

History: The Society was founded in 1958 as the Canadian Society of Electroencephalographers. In 1974 the interests of the group were expanded to include the fields of electromyography and clinical neurophysiology.
Purpose: To promote the scientific and professional interests of EEG, EMG and neurophysiology through scientific meetings, in maintaining standards.
Membership: 188. Physician with specialist certification of the Royal College of Physicians of Canada or Ph.D. degree and with specified training and experience in EEG, EMG or clinical neurophysiology.
Meetings: Annual (June).
Professional activities: Jasper prize awarded annually to a trainee submitting best essay.
Publications: Canadian Journal of Neurological Sciences, quarterly. Editor: Dr. Robert G. Lee, Faculty of Medicine, University of Calgary, 2920 - 24th St. N.W., Calgary, Alta. T2N 1N4.

257. CANADIAN SOCIETY FOR COLOR IN ART, INDUSTRY AND SCIENCE.
c/o A.R. Robertson, Division of Physics, National Research Council Canada, Ottawa, Ont. K1A 0R6. Tel.: (613) 993-2504. President: Shelagh Stewart. Term expires June 1987. Treasurer: Elizabeth Deakin. President-Elect: David Chesterton.

History: Founded in 1972.
Purpose: To provide a forum for discussion of all aspects of color arising from its application in art, industry and science.
Membership: 125.
Meetings: Annual (May/June).
Publications: Newsletter, quarterly. Editor: Dr. P.K. Kaiser, Dept. of Psychology, York University, 4700 Keele St., Downsview, Ont. M3J 1P3.

258. CANADIAN SOCIETY OF CYTOLOGY.
Dept. of Laboratory Medicine, University Hospital, Edmonton, Alta. T6G 2B7. Tel. (403) 432-4600. President: Dr. A. Fletcher, Dept. of Pathology, Kingston General Hospital, Kingston, Ont. K7L 2V7. Term expires June 1987. Secretary: Dr. G.K. Nguyen, c/o Society. Term expires June 1988.

History: Was established in 1961 as a Section of the Canadian Association of Pathologists.
Purpose: To provide a society consisting of medical and affiliate members (Technologists) concerned with the practice and development of cytology; to provide a program of continuing education and to provide an annual scientific meeting.
Membership: Approximately 400. Requirements: qualified medical practitioner or laboratory technologist qualified by CSLT Licence (or equivalent) in cytology.
Meetings: Annual (June).
Publications: Canadian Society of Cytology Bulletin, 1-2/year. Editor: Dr. R.W. Amy, c/o Society.

259. CANADIAN SOCIETY OF ENVIRONMENTAL BIOLOGISTS.
P.O. Box 962, Station F, Toronto, Ont. M4Y 2N9. President: Gary Ash, 17312 - 106 Avenue, Edmonton, Alta. T5S 1H9. Term expires December 1986. Secretary-Treasurer: Judi Orendorff, 777 Bay St., Toronto, Ont. M5G 2E5. Term expires December 1986. Vice-Pres.: John Lilley, 1003 Garland Terrace, Sherwood Park, Alta. T8A 2R5.

History: Founded 1958. Formerly Canadian Society of Wildlife and Fishery Biologists. Present name adopted 1974.
Purpose: To advance the profession toward greater public service, and further the best use of our natural resources.
Membership: 500. Persons who care, or have been professionally engaged in practicing or teaching wildlife or fisheries research, or management, and who have graduated from an accredited college or university with credits obtained from courses relating to the biological sciences.
Meetings: Annual (Janurary).
Publications: Newsletter, quarterly. Editor: Geza Teleki, 410 Millwood Road, Toronto, Ont. M4S 1K2.

260. CANADIAN SOCIETY OF EXPLORATION GEOPHYSICISTS.
501, 206 - 7 Ave. S.W., Calgary, Alta. T2P 0W7. Tel.: (403) 262-0015. President: John Boyd, c/o Society. Term expires February 1987. Secretary: Fred Mazar, c/o Society. Term expires February 1987.

History: Founded in 1949. Affiliated with the International Society of Exploration Geophysicists in 1950.
Purpose: To promote the science of geophysics, especially as it applies to

exploration, in the fields of petroleum, mining and groundwater; to promote fellowship and cooperation among those persons and organizations interested in geophysical problems.
Membership: 2,300 Ordinary, 11 Honorary, 120 Corporate, 50 Student.
Meetings: Annual (February). Monthly technical meetings.
Professional activities: Scholarships awarded to students of geophysics or other related fields at any Canadian university. Meritorious Service Award. Best Paper Award.
Publications: Recorder, monthly. Editor: Keith Young, c/o Society. Journal, annually. Editor: Rob Stewart, c/o Society.

261. CANADIAN SOCIETY OF FORENSIC SCIENCE - LA SOCIETE CANADIENNE DES SCIENCES JUDICIAIRE.
Suite 215, 2660 Southvale Crescent, Ottawa, Ont. K1B 4W5. Tel.: (613) 731-2096. President: Dr. George E. Burgman, 5709 Main St., Niagara Falls, Ont. L2G 5Z3. Term expires December 1986. Secretary: Dr. Ray Prime, Centre of Forensic Sciences, 25 Grosvenor St., Toronto, Ont. M7A 2G8. Term expires December 1986. Treasurer: Brian Joynt, RCMP Central Forensic Lab, Box 8885, Ottawa, Ont. K1A 3M8.

History: Founded in 1953 as the Canadian Forensic Society. Incorporated under the Companies Act in 1963 as the Canadian Society of Forensic Science.
Purpose: To promote the study, raise the standards and enhance the stature of forensic science as a distinct discipline and, for this purpose, to seek, receive, marshall, assess, record, report and disseminate information emanating from forensic and associated studies; to conduct or assist research into forensic matters, techniques, procedures and practices and to establish or assist in the establishment of facilities therefore; to provide assistance for programmes of lay or professional education in forensic science.
Membership: 600. Open to individuals who have demonstrated an active interest in forensic science and who have exhibited the qualities of related professional competence, integrity and good moral character. Corporations, societies, or associations engaged in activities directly related to forensic science are eligible for Corporate Membership.
Meetings: Annual (September).
Professional activities: Dr. H. Ward Smith Fund. C.S.F.S. Education Award.
Publications: Canadian Society of Forensic Science Journal, quarterly. Editor: Brian M. Dixon, Centre of Forensic Sciences, 25 Grosvenor St., Toronto, Ont. M7A 2G8.

262. CANADIAN SOCIETY FOR HORTICULTURAL SCIENCE.
(En français voir: SOCIETE CANADIENNE DE SCIENCE HORTICOLE)
Plant Science Dept. NSAC, Box 550, Truro, N.S. B2N 5E3. Secretary: T. Haliburton, c/o Society. Term expires July 1988. President: J. Tsujita, Horticulture Dept., Guelph University, Guelph, Ont. N1G 2W1. Term expires July 1987. Treasurer: H. Ju, c/o Society. Term expires July 1988.

History: Founded in 1954. Patterned after the western Canadian Society for Horticulture which was founded in 1943. Composed of four Regional Groups: Pacific, Prairie (W.C.S.H.), Eastern, Atlantic.
Purpose: To promote and foster the science of horticulture in Canada.
Membership: 250. Types of membership are as follows: Members; Junior Members; Student Members; Retired Members; Associate Members; Honorary Members.
Meetings: Annual (July).
Publications: Proceedings, annual. Newsletter, quarterly. Editor: T. Haliburton, c/o Society.

263. CANADIAN SOCIETY OF HOSPITAL PHARMACISTS.
Suite 603, 123 Edward St., Toronto, Ont. M5G 1E2. Tel.: (416) 979-2049. President: Rosemary Bacovsky, Pharmacy, Cross Cancer Institute, 11560 University Ave., Edmonton, Alta. T6G 1Z2. Term expires August 1986. Vice-President: Kevin W. Hall, Pharmacy Dept., Health Sciences Centre, 700 William Ave., Winnipeg, Man. R3E 0Z3. Term expires August 1987. Executive-Director: Donna M. Shaw. Term indefinite.

History: Formed 1947; national charter granted 1950. Society given representation on Council of Canadian Pharmaceutical Association 1956, and on Pharmacy Examining Board of Canada 1963. Branches: Alberta; British Columbia; Manitoba; New Brunswick; Nova Scotia; Ontario; Quebec; Saskatchewan.
Purpose: To improve and extend the usefulness of hospital pharmacists to institutions they serve and the profession of pharmacy in general; to provide a means by which pharmaceutical information can be conveyed to hospital pharmacists; to take such action as may be within its power to obtain a higher standard of proficiency among hospital pharmacists in Canada.
Membership: 1,603: 32 Honorary; 1,184 Active; 119 Associate; 248 Student; 20 Supporting. Honorary: shall be elected by not less than a two-thirds vote of the Council of the Society after nomination in writing by five Active Members of the Society and such membership shall be for life. Active: are hospital pharmacists who are members in good standing of a pharmacy regulatory body of any province in Canada and who can actively contribute to fowarding the goals of the Society. Associate: are persons who are graduate pharmacists who do not qualify for active membership. Student: are persons proceeding to a degree in pharmacy, or pharmacists enrolled in a post graduate program in pharmacy, or health related fields. Supporting: member having an

interest in pharmaceutical endeavours but not eligible for active, associate or student membership.
Meetings: Annual (August).
Professional activities: Abbott Award, $500; Bristol Award, $500; Burroughs Wellcome Award, $500; Merck Frosst Award, $1,000; Organon Award, $500; Distinguished Service Award, $1,000; Parke Davis Award, $750; Pharmacia Award, $1,000; Roche Award, $500; Schering Award, $500; Searle Award, $500; Smith Kline & French Award, $1,000; Winthrop Award, $500; Astra Grant, $500; Baxter Travenol Executive Travel Grant, $1,200; Hoechst Lecture Grant, $500; Horner Grant, $500; Lilly Lecture, $1,000; McNeil Grant, $850; Nordic Grant, $750; Sandoz Executive Study Grant, $500; Wyeth Grant, $500.
Publications: Canadian Journal of Hospital Pharmacy, bimonthly. Editor: Susan J. Tremblay, c/o Society. Employment Opportunities Bulletin, monthly, (advertisements for positions available in hospital pharmacy throughout Canada). Pharmascope, bimonthly; CSHP newsletter to membership outlining items of current interest, monthly. Workload Measurement Study. Medication Teaching Manual. List of Investigational and Emergency Drugs in Canada.

264. **CANADIAN SOCIETY FOR IMMUNOLOGY.**
c/o Secretary-Treasurer: Dr. C.A. Ottaway, Dept. of Medicine, St. Michaels Hospital, University of Toronto, Toronto, Ont. M5S 1A8. Tel.: (416) 978-7188. Term expires June 1989. President: Dr. J. Bienenstock, Dept. of Pathology, McMaster University, Hamilton, Ont. L8N 3Z5. Term expires June 1987.

History: Founded in 1966. It is a member of the Canadian Federation of Biological Societies (CFBS).
Purpose: To extend knowledge and application of immunology, to provide opportunities for the presentation and discussion of new developments in immunology and to facilitate the spread of information on immunology.
Membership: 330 Full. 30 Associate. Full members: persons who have conducted research, who have published papers in scientific journals and who are actively engaged in teaching or other forms of scholarship in the field of immunology. Associate members: young investigators in immunology who have not yet had the opportunity or time to satisfy the requirements for full membership. Student members: graduate students in immunology and related disciplines.
Meetings: Annual (June).
Professional activities: Sponsoring of scientific presentations at the Annual Meeting and sponsoring and organizing symposia. Immunology Award at the Annual Youth Science Fair.
Publications: Bulletin, annually. Editor: Dr. P. Shek, 1133 Sheppard Ave. W., Downsview, Ont. M3M 3B9.

265. **CANADIAN SOCIETY OF INDUSTRIAL PHARMACISTS.**
c/o Canadian Pharmaceutical Association, 1785 Alta Vista Dr., Ottawa, Ont. K1G 3Y6. Tel.: (613) 523-7877. President: Fares Attalla, c/o Merck Frosst Canada Inc., P.O. Box 1005, Pointe Claire, Dorval, Que. H9R 4P8. Term expires May 1987. Secretary-Treasurer: Robert J. Robinson, c/o The Purdue Frederick Company (Canada) Ltd., 123 Sunrise Ave., Toronto, Ont. M4A 1A9. President Elect: Lynn Coleman, c/o Drug Trading Co. Ltd., 15 Ontario St., Toronto, Ont. M5W 1E4.

History: Originated 1964. Consists of pharmacists and non-pharmacists who are members of the Canadian Pharmaceutical Association who are actively engaged in industry.
Purpose: To provide a means whereby industrial pharmacists may exchange information and ideas on professional and technical problems pertaining to the pharmaceutical industry and to enable industrial pharmacists to take an active part in Canadian pharmacy.
Membership: 200.
Meetings: Annual (Spring).

266. **CANADIAN SOCIETY OF LABORATORY TECHNOLOGISTS - ASSOCIATION CANADIENNE DES TECHNOLOGISTES DE LABORATOIRE.**
350 King St. E., Suite 101, P.O. Box 830, Hamilton, Ont. L8N 3N8. Tel.: (519) 528-8642. President: Ron Robinson. Term expires December 1986. President Elect: Nancy McBridge. Term expires December 1987. Executive Director: E. Valerie Booth. Term permanent.

History: Organized 1936; incorporated 1937. Branches or affiliated societies in all ten provinces. Provincial affiliated societies: Ontario Society of Medical Technologists; British Columbia Society of Medical Technologists; Alberta Society of Medical Laboratory Technologists; Saskatchewan Society of Medical Laboratory Technologists; New Brunswick Society of Laboratory Technologists. Specialty Sections: Science Sections in Clinical Chemistry; Clinical Microbiology; Cytology; General Laboratory Forum; Hematology; Histology; and Immunohematology.
Purpose: To promote and maintain a nationally accepted standard of medical laboratory technology by which other health care professionals and the public are assured of effective and economical laboratory services. To promote, maintain and protect the professional identity and interests of the medical laboratory technologist.
Membership: 15,768 Registered Members; 2,475 Inactive Members; 1,103 Associate Members (Trainee); 194 Associate Members (Non-Certified); 56 Certified Laboratory Assistants. Registered Members: certified medical technologists currently engaged in laboratory services and currently enrolled with the C.S.L.T. Certified Inactive Members: certified medical technologists currently

enrolled with the C.S.L.T. but not currently engaged in laboratory services. Associate Members: students currently enrolled with C.S.L.T. and attending an approved program of training in medical laboratory technology. Associate Members: personnel currently engaged in laboratory services and currently enrolled with the C.S.L.T. who have not as yet met the requirements for certification or whose application for certification and registration may be pending.
Meetings: Annual (June).
Professional activities: Annual scientific paper awards: Fisher Scientific Award in Clinical Chemistry $1,000; Becton-Dickinson Award in Microbiology $1,000; BDH Award in Cytology-Histology $1,000; American Dade/Canlab Award in Hematology $1,000; Ortho Award in Immunohematology $1,000. Founder's Fund Awards: F.J. Elliot Memorial Award - up to $500 annually to be used for advanced training courses; William J. Deadman Memorial Award - up to $500 annually to be used for refresher or advanced training courses; Ileen Kemp Parker Award - up to $500 annually to be used for training courses in Health Services Management. New Graduate Awards: Graduate of the Year; Harold Amy Memorial Award in Hematology; Immunohematology Award; Cytotechnology Award. Scholarships: Difco Scholarship in Microbiology - up to $1,000 annually; Mallinkrodt Scholarship in Radio-Immunoassay - up to $600 annually. Lectureships: speakers sponsored at annual congress.
Library: Approximately 300 audio-visual programs that are available to members and subscribers, free of charge. Ten different home study courses in medical laboratory technology available.

267. CANADIAN SOCIETY OF LANDSCAPE ARCHITECTS.
(En français voir: L'ASSOCIATION DES ARCHITECTES PAYSAGISTES DU CANADA.)
P.O. Box 3304, Station C, Ottawa, Ont. K1Y 4J5. Tel.: (613) 564-0231.
President: Cornelia Hahn Oberlander. Term expires June 1987. Secretary: M. de Billancourt, c/o Association. Term permanent.

History: The Society was founded in 1934 and incorporated by letter patents in 1956. The CSLA is a federation of component associations across the country.
Purpose: To better serve the general membership; to manage the affairs of a rapidly expanding profession and to support continuing activities, including coordination, information and representation.
Membership: 1,000. Requirements: completion of a degree program: B.L.A. or M.L.A., proficiency in design development, detail design, contract document, construction and contract administration, office practice and passing of a professional practice and ethics examination. This may vary with each province but membership in the CSLA is dependent upon membership in good standing in one of the provincial associations.
Meetings: Annual (Summer) plus two general meetings/year.
Professional activities: To foster good fellowship and to increase the professional efficiency of its members. To provide an authoritative source of information concerning the profession in Canada. To support the advancement of education and research in landscape architecture as an instrument of service to the public and the profession.
Publications: Landscape Architecture Review, quarterly. CSLA Bulletin, bi-monthly.

268. CANADIAN SOCIETY FOR MECHANICAL ENGINEERING.
700-2050 Mansfield St., Montreal, Que. H3A 1Z2. Tel.: (514) 842-8121.
President: Earl Dudgeon, Director, Div. of Mechanical Engineering, National Research Council, Ottawa, Ont. K1A 0R6. Term expires May 1987. Vice-President: Dr. Frank Hooper, Dept. of Mechanical Engineering, University of Toronto, Toronto, Ont. M5S 1A4. Term expires May 1987. Executive Director: David L. Harris, c/o Society.

History: The Society is a constituent society of The Engineering Institute of Canada and self-governing within the framework of the EIC Charter. It is the designated arm of The Engineering Institute of Canada, nationally and internationally in matters pertaining to mechanical engineering. The Society was formed in co-operation with the Institution of Mechanical Engineers (U.K.) and the American Society of Mechanical Engineers, in 1970, with sections in principal cities across Canada.
Purpose: To develop and maintain high standards in the theory and practice of mechanical engineering; to facilitate the acquisition of professional knowledge by its members, and its interchange among them through a program of Canadian publications and meetings; to enhance the usefulness of the profession; to collaborate with universities and other educational institutions in the advancement of mechanical engineering; to co-operate with other technical societies, nationally and internationally for the advancement of mutual interests; to promote good relations and exchange of information between those engaged in mechanical engineering and members of allied disciplines, nationally and internationally; to encourage research and the study, development and conservation of the resources of Canada. Technical Divisions, established within the Society to ensure equitable allocation of services to members and representation on the Council and on committees: Heat Transfer and Thermodynamics Division; Mechanics and Applied Mathematics Division; Production Engineering Division; Research & Development Division; Standards Division.
Membership: 1,293 Members; 1,209 Associate Members; 39 Affiliates, 240 Life Members,

1,334 Students. Members: a major interest in mechanical engineering; elegible for membership in an association or corporation of professional engineers under the laws of a province of Canada; university graduates or non-graduates in a field other than engineering with sufficent experience in mechanical engineering. Technologist: shall hold a technologist diploma form a college of applied arts and technology, or a technical institute of recognized standing and shall be engaged in work in a field of mechanical engineering. Student: matriculation into a school of engineering recognized by the Council. Student Technologist: shall have passed an examination equivalent to the final examination of a high school and shall be pursuing a course of instruction in a mechanical technology or a technical institute of recognized standing. Affiliate: individuals holding membership in another learned society, or possessing a university degree or its equivalent in a field other than mechanical engineering or who are engaged in advancing engineering knowledge. Fellows: The national executive may confer on individuals who have been Corporate Members for a period of at least ten years, in recognition of extraordinary qualifications and experience in mechanical engineering and professional distinction, the title of Fellow of the Society.
Meetings: Annual General (May).
Professional activities: National and regional conferences, symposiums, technical meetings in cities across Canada, student conferences, technical paper awards, etc.
Publications: CSME Transactions, quarterly. Editor: H.H.E. Leipholz, Dept. of Mechanical Engineering, University of Waterloo, Waterloo, Ont. N2L 3G1.

269. **CANADIAN SOCIETY OF MICROBIOLOGISTS - SOCIETE CANADIENNE DES MICROBIOLOGISTES.**
20 Hobart Crescent, Nepean, Ont. K2H 5S4. Tel.: (613) 726-0485. President: Dr. Claude Hamelin, c/o Society. Term expires June 1987. Secretary: Dr. Greg Bezanson, c/o Society. Term expires June 1987.

History: Organized 1951; incorporated 1958. Branches: Ottawa Valley; Maritimes; Central Ontario; Southwestern Ontario; Alberta. Affiliate: la Société de microbiologie de la province de Québec. Sections: Ecology and Epidemiology; Genetics and Molecular Biology; Infections and Immunity; Microbial Physiology; Morphology and Structure; Virology. Committees: Manpower and Placement; Publications Advisory; Science Policy; Status of Women in C.S.M.; Teaching; Travelling Lectureships.
Purpose: To promote the advancement of microbiology in all its aspects and to facilitate the exchange of ideas between microbiologists.
Membership: 750 Honorary, Ordinary, Student, Emeritus. Honorary: any person who has made a distinctive contribution to microbiology (limited to 2% of ordinary membership). Ordinary: any person interested in the study of microbiology, sponsored by one member and subject to approval by membership committee. Student: any bona fide undergraduate or graduate student interested in microbiology, certified by supervisor, sponsored by one member and subject to approval by membership committee.
Meetings: Annual (June).
Professional activities: C.S.M. Award for outstanding contribution to microbiology. CSM Graduate Student Presentation Award.
Publications: C.S.M. Newsletter-Bulletin de Nouvelles, 3/year. Editor: D. McLeod, Virus Laboratory, LCDC, Health and Welfare Canada, Tunney's Pasture, Ottawa, Ont. K1A 0L2. CSM Programme & Abstracts, annually.

270. **CANADIAN SOCIETY FOR NONDESTRUCTIVE TESTING INC.**
c/o Mohawk College of Applied Arts and Technology, 135 Fennell Avenue West, Hamilton, Ont. L8N 3T2. Tel.: (416) 387-1666. President: H.D. Hanrath, 3759 Ellesmere Rd., West Hill, Ont. 284. **CANADIAN STEEL ENVIRONMENTAL ASSOCIATION - ASSOCIATION ENVIRONNEMENTALE DE LA SIDERURGIE CANADIENNE.**
One Yonge Street, Ste. 1400, Toronto, Ont. M5E 1J9. Tel.: (416) 363-7261. Telex: 065-24693. Chairman: A.A. Schuldt, c/o Stelco Inc., P.O. Box 2030, Hamilton, Ont. L8N 3T1. Term expires June 1987. Manager: A.C. Dick, c/o Association. Term indefinite. Vice Chairman: G.F. Marasco, c/o Atlas Steels Co., P.O. Box 1000, Centre Street, Welland, Ont. L3B 5R7.

History: Following discussion which began in 1974, the Association was formally constituted in June of 1979 with five founding company members. Since that time the membership has grown to nine companies.
Purpose: With respect to environmental matters, to provide a forum for the Canadian steel industry to exchange information, to sponsor studies, to present an industry viewpoint to government and to inform the public.
Membership: Nine member companies.
Meetings: 4-6 per year.

285. **CANADIAN STEEL INDUSTRY RESEARCH ASSOCIATION (CSIRA) - ASSOCIATION POUR LA RECHERCHE DANS L'INDUSTRIE SIDERURGIQUE CANADIENNE (ARISC).**
Suite 1400, One Yonge St., Toronto, Ont. M5E 1J9. Tel.: (416) 363-7261. Telex: 065-24693. Chairman: J.C. McKay. Manager: Alex C. Dick. Technical Director: Dr. J.L. Uvira.

History: Most Canadian steel firms recognized the need for an intra-industry organization to deal with common research problems and to be an effective communication interface with governments and universities. This recognition culminated in the formation on June 1, 1978, of the Canadian Steel Industry Research Association/Association pour la Recherche dans l'Industrie Sidérurgique canadienne (CSIRA/ARISC).
Purpose: Canadian Governments: provide an industry viewpoint on the orientation of iron and steel research programs conducted by government laboratories and agencies; assist and encourage government laboratory and agency heads to transfer technical information to Association members; provide input regarding new or proposed relevant legislation; assist member companies in dealing with the political and administrative branches of governments on research-related matters. Association Member Companies: identify the needs for technological improvement within the Canadian steel industry; provide a forum for technical interchange; promote the formation of research task groups. Institutions: guide and encourage research in universities and colleges towards the needs of the Canadian steel industry; encourage the members of the Association, either independently or collectively, to sponsor research at universities and colleges; influence the curriculum of universities, colleges and technical schools to meet the needs of the Canadian steel industry for qualified personnel. Other Associations: provide liaison with other national and international associations.
Membership: Member Companies: the Algoma Steel Corp. Ltd.; Atlas Steel Company, a division of Rio Algom Ltd.; Burlington Steel, a division of Slater Steel Industries Ltd.; Dofasco Inc.; Interprovincial Steel & Pipe Corp. 341. **INSTITUT AERONAUTIQUE ET SPATIAL DU CANADA.**
(In English see: CANADIAN AERONAUTICS AND SPACE INSTITUTE.)
222, rue Somerset ouest, Pièce 601, Ottawa, Ontario. K2P 0J1. Tél.: (613) 234-0191. Président: C.B. Wrong, Pratt & Whitney Canada, C.P. 10, Longueuil, Qué. J4K 4X9. Le mandat se termine en mai 1987. Directeur exécutif: A.J.S. Timmins, a/S Institut. Mandat de durée indéterminée. Secrétaire: M. Rainboth.

Historique: Il s'agit d'un organisme scientifique et technique à but non lucratif

voué à l'avancement de l'art, de la science et de l'ingénierie dans les domaines de l'aéronautique ainsi que dans les techniques connexes et leurs applications. Il est constitué d'un siège social et d'un secrétariat permanent à Ottawa, de sections régionales dans diverses villes du Canada, de sections spécialisées et d'associations constituantes. L'Institut est dirigé par un Conseil dont la majorité des membres sont élus par les membres votants des sections régionales. Chacune de celles-ci élit au moins un représentant au Conseil. Les sections spécialisées et les associations constituantes se font représenter par leur président. Le Conseil élit, parmi les doyens de l'Institut, un nombre déterminé de conseillers qui se choisissent un président entre eux. Alors que les sections régionales s'occupent des membres de leur localité respective, les sections spécialisées réunissent les membres de quelque région que ce soit qui se spécialise dans des domaines directement reliés à l'aéronautique et à l'astronautique notamment dans les essais en vol, l'astronautique, les avions légers de technologie avancée, simulation et formation etc. Les associations constituantes, pour leur part, regroupent les membres qui se spécialisent dans les techniques connexes et leurs applications, notamment dans la navigation, la télédétection, le coussin d'air, la médicine pour aviation etc. Les membres actuels ou potentiels peuvent, avec l'approbation du Conseil, former de nouvelles sections régionales ou spécialisées ou des associations constituantes. Pour la formation d'une nouvelle section régionale, au moins vingt membres de l'Institut doivent résider dans le secteur en question et pouvoir participer à sa gestion. La formation d'une nouvelle section spécialisée ou association constituante est possible lorqu'un groupe de membres actuels ou potentiels désirent mettre sur pied un programme d'échanges scientifiques et techniques pertinent. Chaque section régionale ou spécialisée ou association est régie par un comité de direction élu par ses membres.

Objectifs: Pou permettre l'avancement de l'art, de la science et de l'ingénierie dans les domaines de l'aéronautique, de l'astronautique ainsi que dans les techniques connexes et leurs applications.

Membres: 1 500. Doit étudier à temps plein dans une université ou un institut de technologie, et suivre des cours reconnus par le Conseil ou effectuer un travail de recherche reconnu par le Conseil.

Réunions: Annuelle (mai).

342. INSTITUT CANADIEN DES ACTUAIRES.
(In English see: CANADIAN INSTITUTE OF ACTUARIES)
Constitution Square, 360 Albert St., Ste. 405, Ottawa, Ont. K1R 7X7. Tél.: (613) 236-8196. Président: K.T. Clark, a/s Institut canadien des Actuaires. Le mandat se termine en juin 1987. Secrétaire: Brian L. Burnell, a/s Institut canadien des Actuaires. Le mandat se termine en juin 1986.

Historique: 1907: fondation de l'Actuaries Club; 1946: cet organisme devient l'Assocciation canadienne des Actuaires; 1965: en s'incorporant, l'association devient l'Institut Canadien des Actuaires.

Objectifs: a) Faire avancer et progresser la science actuarielle; b) favoriser l'application de la science actuarielle à l'activité humaine; c) établir, favoriser et maintenir un niveau élevé de compétence et de professionnalisme actuariel.

Membres: Fellows - 1,295; Etudiants - 517; Correspondants - 105; Autres - 17. Fellow de la Society of Actuaries, Institute of Actuaries, Faculty of Actuaries ou Casualty Actuarial Society.

Réunions: Annuelle (juin).

Publications: Délibérations, 3 par année.

374. **MULTIPLE SCLEROSIS SOCIETY OF CANADA.**
250 Bloor Street E, Suite 820, Toronto, Ontario. M4W 3P9. Tel.: (416) 922-6065. President: A.R. Aird. Term expires December 1986. Secretary: Pierre Touzin. Term expires December 1986. Treasurer: A. Jeremy Arnold. Term expires December 1986.

History: The first multiple sclerosis society in the world, the National Multiple Sclerosis Society in the U.S. began in 1946 following the tremendous response to a classified advertisement in the New York Times. After contact with the American organization, a small group of dedicated volunteers in Montreal founded the Multiple Sclerosis Society of Canada in 1948. Support of MS research in Canada was an immediate concern and the first grant to medical research was awarded in 1949. Since that time, the Multiple Sclerosis Society of Canada has allocated more than $13 million to MS research. Headquarters for the Society remained in Montreal until the mid-1960's when it moved to Toronto. Other advances came with the establishing of regional divisions. The Ontario Division began operation in 1963, the Prairie Division in 1968, Quebec and Atlantic Divisions in 1974 and British Columbia Division in 1975. In early 1980, the Prairie Division was split into three divisions based on the provincial boundaries of Alberta, Saskatchewan and Manitoba. The International Federation of Multiple Sclerosis Societies, of which the Canadian MS Society is a charter member, was established in 1967. The IFMSS includes 30 independent societies in Europe, Australia, Africa and the Far East, as well as in the Americas. The Federation's major objectives are to stimulate greater world-wide interest of the medical and scientific community in MS research, to further the exchange of information on MS patient care and services around the world, and to generate increased awareness of MS among the general public.

Purpose: To stimulate and support research efforts in multiple sclerosis and allied diseases and create a fund by public and private contributions; to co-ordinate and promote research efforts in such diseases in this country and abroad; to gather statistics on such diseases on prevalence and geographic distribution; to act as a clearinghouse for information on such diseases; to educate the public and health professionals on all aspects of such diseases; to provide aid and assistance to people afflicted with such diseases; to make payments out of the Corporation's funds for all such purposes.

Membership: Presently 24,000 members; membership is by Divisions and on payment of a nominal membership fee.

Meetings: Annual (December).

Professional Activities: In 1984-85 the Multiple Sclerosis Society of Canada supported the following research activities: 43 research grants for a total of $1.5 million. Services to people who have multiple sclerosis totalled $2.2 million.

Library: The Multiple Sclerosis Society of Canada, at its national and division offices, carries an inventory of publications and audio visual materials for physicians, other health care professionals, people with MS and the general public. Most are available for a small fee or no charge.

Lambert-Lagacé, T.D. Smyth.

History: The National Institute of Nutrition was established in December 1983 as a non-profit organization dedicated to advancing the knowledge and practice of nutrition in Canada. This need was recognized by industry and health professionals as there had been no national group focussing on this goal. The Institute is governed by a Board of Trustees comprising those elected from member

companies, individuals from the private sector, the president of the Institute and Chairman of the Scientific Advisory Council. The Scientific Advisory Council, drawn from academia, government and industry provides scientific guidance and advice to the Institute.
Purpose: To advance the knowledge and practice of nutrition in Canada for the betterment of health. More specifically, the four objectives are: to serve as a credible resource and an objective authority on issues related to nutrition; to promote the dissemination of nutrition knowledge; to encourage the development of appropriate nutrition curricula in the formal education system, and; to support and promote nutrition research and to communicate its results.
Membership: 44 funding corporations and public members of the Board of Trustees. Member companies make financial contributions and support the objectives of the Institute.
Meetings: Annual (June/July).
Professional Activities: NIN Institutional Program Awards are available to universities which demonstrate a commitment to develop or improve their programs in nutrition. Each provides a salary for five years, plus an operating grant for two years, for new faculty members who show promise of ability to establish or expand a research program and enhance the teaching of nutrition. NIN Fellowships are awarded to highly qualified candidates for full-time training as Post-Doctoral Fellows at centres of recognized excellence in nutrition research. Support is provided for symposia and workshops organized and operated by other organizations.

409. NOVA SCOTIAN INSTITUTE OF SCIENCE.
MacDonald Science Library, Dalhousie University, Halifax, N.S. B3H 4J3. Tel.:

(902) 424-2331. President: Dr. T.P. Forrest, Dept. of Chemistry, Dalhousie University, Halifax, N.S. B3H 4J3. Term expires May 1987. Secretary: Dr. Donald Gordon, Marine Ecology Laboratory, Bedford Institute of Oceanography, Dartmouth, N.S. B2Y 4A2. Term expires May 1987. Treasurer: Dr. Charles Masson, NRC Atlantic Research Laboratory, 1411 Oxford St., Halifax, N.S. B3H 3Z1. Term expires May 1987.

History: The Institute was founded in 1862 as a result of experiences with the Halifax Mechanics Institute (1831 to 1869+) and the Halifax Literary and Scientific Society (1831-1862). It is thus one of the oldest learned societies in Canada. The Institute has always functioned as a meeting place for scientists and those interested in science. There have been periods when the roles of stimulating scientific research and providing scientific information were identified as prime tasks, but throughout the Institute's history there has always been an effort to bring science closer to the public. At the present time, the exploitation of natural resources, increasing population, urbanization and industrialization show a growing need to help people understand the relevance of science to their lives. The Nova Scotian Institute of Science has a unique part to play in that it provides scientists, technologists, educators and administrators with the chance to speak directly to the community.
Purpose: The object of the Society is the promotion of scientific research and education by means of communication among persons interested in science through the holding of meetings and the publication of proceedings, reviews and monographs.
Membership: 210. Membership is open to any person with a professional or amateur interest in science, research, or teaching. The three classes of membership are ordinary, honorary, and institutional.

510. SOCIETE CANADIENNE DE LA SCLEROSE EN PLAQUES.
(In English see: MULTIPLE SCLEROSIS SOCIETY OF CANADA.)
250 rue Bloor est, bureau 820, Toronto, Ont. M4W 3P9. Tel.: (416) 922-6065. Président: A.R. Aird. Le mandat se termine en décembre 1986. Secrétaire: Pierre Touzin. Le mandat se termine en décembre 1986. Trésorier: A. Jeremy Arnold. Le mandat se termine en décembre 1986.

Historique: La première association de sclérose en plaques fut fondée aux Etats-Unis, en 1946, à la suite d'une formidable réponse à une petite annonce parue dans le "Times" de New York. Un groupe de bénévoles canadiens allait suivre cet exemple et constituer, en 1948, à Montréal, la Société canadienne de la sclérose en plaques. Elle s'attacha d'abord au financement de la recherche médicale sur la SP et, en 1949, octroyait sa première subvention. Depuis, la Société canadienne de la sclérose en plaques a affecté plus de 13 millions de dollars à ce secteur. Son bureau central est demeuré à Montréal jusqu'à son transfert à Toronto, au milieu des années 60. Par la suite, l'établissement de divisions régionales a contribué à l'expansion de la Société. En 1963, s'ouvrait la division de l'Ontario, en 1968, celle des Prairies, en 1974, celles du Québec et de l'Atlantique suivies, en 1975, de la division de la Colombie-Britannique. Au début de 1980, naissaient, de la dissolution de la division des Prairies, trois nouvelles divisions provinciales, en Alberta, en Saskatchewan et au Manitoba. La Fédération internationale des associations de sclérose en plaques, dont la Société canadienne de la SP est un membre fondateur, a été formé en 1967 et regroupe aujourd'hui 30 associations indépendantes, en Europe, en Australie, en Afrique en Extrême-Orient, et sur le continent américain. Elle vise principalement à aiguiser l'intérêt des scientifiques pour la recherche sur la SP, à favoriser l'échange de données sur les soins et les services à apporter à la clientèle du monde entier et à sensibiliser d'avantage le grand public à la sclérose en plaques.
Objectifs: Stimuler et soutenir la recherche sur la sclérose en plaques et les maladies connexes et créer un fonds à partir de contributions publiques et privées; coordonner et promouvoir la recherche sur ces maladies, au pays et à l'étranger; colliger des statistiques sur ces dernières, leur prévalence et leur distribution géographique; agir à titre de centre de renseignements sur ces maladies; faire connaître leurs différents aspects au public et aux professionnels de la santé; venir en aide aux gens qui en sont atteints; défrayer, à même les fonds de la Société, le coût de tous ces programmes.
Membres: 24,000, appartenant à sept divisions - cotisation minime.
Réunions: Annuelle (décembre).
Activités professionnelles: En 1984-85 la Société canadienne de la sclérose en plaques accordait 43 subventions de recherche totalisant 1,5 $ millions de dollars et finançait un programme de services à la clientèle de 2,2 $ millions de dollars.
Bibliothèque: La Société canadienne de la sclérose en plaques maintient, au bureau central et dans les divisions, des stocks de publications et du matériel audio-visuel à l'intention des médecins, des professionnels de la santé, des personnes atteintes de SP et du grand public. La plupart sont offerts gratuitement ou moyennant une modique somme.
Publications: MS/SP Canada, bulletin trimestriel (distribué à tous les membres). Rédactrice: Deanna Groetzinger, a/s Société.

206-135, rue York, Ottawa, Ont. K1N 5T4. Tél.: (613) 236-4594. Président: Douglas Lorriman, C.P. 97, Ballinafad, Ont. N0B 1H0. Le mandat se termine en juin 1986. Directeur Exécutif: Bill Eggertson, a/s Société. Mandat de durée indéterminée.

Historique: La Société de l'Energie Solaire du Canada (SESCI) est un organisme a but non lucratif incorporé en 1974. Ses membres sont des universitaires, des fabricants, des concepteurs, des architectes, des ingénieurs, des scientifiques, des fonctionnaires, des hommes politiques, des amateurs, et autres. Depuis 1979, la SESCI est admise comme représentant canadien à la Société de l'Energie Solaire Internationale.
Objectifs: Faciliter la collecte, la classification et le développement de toute l'information pertinente à l'accumulation et à l'utilisation de l'énergie solaire, diffuser cette information et agir à titre d'organisation coordonnatrice pour les réprésentants, les entreprises, les gouvernements et les universités et ce, afin d'évaluer objectivement l'utilisation de l'énergie solaire. "L'énergie solaire" comprend les manifestations d'énergie renouvelable reliées au flux solaire, telles que la biomasse, le vent, l'énergie marémotrice, etc.
Membres: 2 500 membres professionnels, 13 sections au Canada.
Activités profesionnelles: Prix d'excellence annuels pour certains projets d'énergie solaire; commission de technologie; séminaires; répertoires; activités de lobbying; brochures d'information sur l'énergie renouvelable.
Publications: Sol, bimensuelle. Rédacteur: Bill Eggerston, a/s la Société. Annual Conference Proceedings, (uniquement en anglais).

515. SOCIETE D'ENTOMOLOGIE DE L'ALBERTA.
(In English see: ENTOMOLOGICAL SOCIETY OF ALBERTA)
Dept. of Entomology, University of Alberta, Edmonton, Alta. T6G 2E3. Tél.: (403) 432-3237. Président: Dr. R.H. Gooding, Dept. of Entomology, University of Alberta, Edmonton, Alta. T6G 2E3. Le mandat se termine en décembre 1984.

Secrétaire-Trésorier: Alec McClay, Alberta Environmental Centre, Bag 4000, Vegreville, Alta. T0B 4L0. Le mandat se termine en décembre 1986. Vice-Président: Dr. B.K. Mitchell, Dept. of Entomology, University of Alberta, Edmonton, Alta. T6G 2E3. Le mandat se termine en décembre 1986.

Historique: Organisée en 1952 sous forme d'une société régionale affiliée à la Société Canadienne d'Entomologie et enregistrée selon la Loi des Sociétés de la province de l'Alberta. Subdivisée d'une manière non officielle en trois sections: Edmonton, Calgary et Lethbridge. Le lieu des réunions annuelles alternant généralement entre ces trois villes.
Objectifs: Encourager l'avancement, l'échange et la propagation parmi les gens de l'Alberta des connaissances concernant les insectes en ce qui a trait à leur importance dans l'agriculture, la sylviculture, la santé publique et l'industrie et pour la valeur intrinsèque de ces connaissances.
Membres: 5 honoraires; 125 actifs.
Réunions: Annuelle (octobre/novembre).
Activités professionnelle: Prix annuel de 100 $ décernés aux meilleures étudiants en entomologie de l'Université de l'Alberta et de l'Université de Calgary. La Société parraine un concours de collection d'insectes pour tous les Albertains. Présentation d'articles scientifiques et techniques à la réunion annuelle. Contribution au Comité Public Consultatif sur l'Environnement (Alberta).
Bibliothèque: Le Département d'Entomologie de l'Université de l'Alberta est gardien des archives de la Société d'Entomologie de l'Alberta.
Publications: Procès-verbaux, annuels. Rédacteur: E. Mengerson, P.O. Box 2392, Olds, Alta. T0M 1P0.

516. SOCIETE ENTOMOLOGIQUE ACADIENNE.
(In English see: ACADIAN ENTOMOLOGICAL SOCIETY.)
Président: Dr. D.J. Larson, Dept. de Biologie, Université Memorial de Terre-Neuve, St. Jean, Terre-Neuve, A1C 5S7. Le mandat se termine en avril 1985. Secrétaire: Dr. K.P. Lim, Centre de Recherches Forestieres de Terre-Neuve, B.P. 6028, St. Jean, Terre-Neuve. A1C 5X8. Le mandat se termine en avril 1985. Vice Président: Dr. A.G. Raske.

Historique: Fondée en 1915 sous le nom de la Société Entomologique de la Nouvelle-Ecosse; nom actuel adopté en 1921. Dissoute en 1925, réorganisée en 1950 et affiliée à la Société Entomologique du Canada.
Objectifs: Favoriser la cooperation entre les entomologistes et ceux interessés par l'entomologie dans les quatre provinces Atlantiques et les états voisins de la Nouvelle-Angleterre ainsi que supporter et collaborer avec la Société Entomologique du Canada.
Membres: 100. Toute personne intéressée par les objectifs de la Société peut joindre.
Réunions: Annuelle (été).
Bibliothèque: Petite bibliothèque fondée en 1960; litérature sur l'entomologie régionale. Endroit: St. Francis Xavier University, Antigonish, N.S. B0H 1C0. Libraire: Dr. P.G. Roussell. La librairie est ouverte aux non-membres.
Publications: Proceedings, annuel. Pour renseignements s'adresser au secrétaire.

517. SOCIETE D'ENTOMOLOGIQUE DU QUEBEC.
Ministère de l'Agriculture, Complexe scientifique, D-1-54, 2700 rue Einstein, Ste-Foy, Qué. G1P 3W8. Tél.: (418) 643-2380. Président: Pierre-Paul Harper, Departement des Sciences Biologiques, Université de Montréal, C.P. 6128, Montréal, Qué. H3C 3J7. Le mandat se termine en octobre 1984. Secrétaire: Gilles Bonneau, Ministère de l'Energie et des Ressources, 2700 rue Einstein, Ste-Foy, Qué. G1P 3W8. Mandat de durée indéterminée. Vice-président: Jean-Guy Pilon. Tresorier: Claude Bouchard.

Historique: Fondée à Montréal en 1873, en temps que filiale de la Société entomologique de l'Ontario, et constituée en société autonome depuis 1951, elle groupe des entomologistes professionnels (gouvernement fédéral et provincial, universités) et amateurs. Elle se subdivise en deux filiales, l'une à Québec et l'autre à Montréal.
Objectifs: Grouper tous ceux qui, de près ou de loin, s'intéressent à l'entomologie pure ou appliquée.
Membres: 246 Actifs: 7 Honoraires. Etre entomologiste professionnel ou amateur; faire une demande d'adhésion qui est soumise à l'assemblée générale annuelle; payer la cotisation annuelle de 15.00 $.
Réunions: Annuelle (automne).
Publications: Annales, 3 fois l'an. Mémoires, occasionnel. Rédacteur: Alain Maire, Groupe recherches insectes piqueurs, University de Québec a Trois-Rivieres, C.P. 500, Trois-Rivieres, Qué. G9A 5H7.

518. SOCIETE MATHEMATIQUE DU CANADA.
(In English see: CANADIAN MATHEMATICAL SOCIETY)
577 King Edward, Ottawa, Ont. K1N 6N5. Tél.: (613) 564-2223. Président: Dr. D. Borwein, Dépt. de Mathématique, University of Western Ontario, London, Ont. N6A 5B7. Le mandat se termine en juin 1987. Vice-présidents: F.H. Clarke, M.I. Freedman, A. Lachlan, R.A. Piccinini, H. Radjavi. Secrétaire: Dr. G.P. Wright, Dépt. de Mathématique, Université d'Ottawa, Ottawa, Ont. K1N 6N5. Le mandat se termine en juin 1988.

Historique: Conçue en 1943, la Société a été fondée en 1945 pour permettre aux mathématiciens canadiens de se réunir et de se pencher sur des problèmes mathématiques. La Société est bilingue depuis ses origines.
Objectifs: Favoriser la recherche en mathématiques; aider à l'avancement de

l'enseignement des mathématiques dans les universités, les collèges et les écoles du Canada; stimuler et soutenir le développement des mathématiques et le perfectionnement de l'enseignement des mathématiques.
Membres: 1 060. Les personnes intéressés à favoriser les objectifs de la Société et dont la demande d'adhésion a été approuvée par le Conseil, deviennent membres ordinaires sur versement de la cotisation.
Réunions: Deux fois par année (juin et décembre).
Activités professionnelle: Instituts et ateliers de recherches; Séminaire annuel. La Société promeut les mathématiques dans les écoles au moyen des concours provinciaux, nationaux et internationaux. La Société organise des sessions sur l'enseignement des mathématiques et offre ses resources humaines aux enseignants et aux ministères de l'éducation des provinces canadiennes.
Bibliothèque: Référence seulement.
Publications: Journal canadien de mathématiques, 6 fois par année. Rédacteur-en-chef: Dr. P.C. Greiner, Dept. of Mathematics, University of Toronto, Toronto, Ont. M5S 1A1. Rédacteur-gérant: Dr. R. 519. SOCIETE NUCLEAIRE CANADIENNE.
(In English see: CANADIAN NUCLEAR SOCIETY)
111 rue Elizabeth, 11eme, Toronto, Ont. M5G 1P7. Tél.: (416) 977-6152. Télex: 06-23741. Président: Nabila Yousef, Ontario Hydro, 700 University Ave., Toronto, Ont. M5G 1X6. Le mandat se termine en juin 1987. Vice-président: I. Itzkovich, Eldorado Nuclear Ltd., 400-255 Albert St., Ottawa, Ont. K1P 6A9. Le mandat se termine en juin 1987. Secrétaire-trésorier: R. Abel, Atomic Energy of Canada Ltd.-CANDU Operations, Mississauga, Ont. L5K 1B2. Le mandat se termine en juin 1987.

Historique: La Société Nucléaire Canadienne est une organisation d'hommes et de femmes qui portent un intérêt professionnel à la science et la technologie nucléaires, pour qui de même la crise globale et croissante des ressources énergétiques représente une préocupation constante. La plupart des membres de la SNC sont des ingénieurs et des scientifiques qui contribuent activement à la solution de problèmes techniques reliés aux ressources, à la production et à l'utilisation de l'énergie nucléaire, alors que d'autres membres s'attachent à des applications nucléaires en dehors du domaine de l'énergie. Plusieurs membres s'occupent aussi des facteurs socio-économiques qui déterminent, en dernière analyse, l'évantail des options énergétiques placées à la disposition des sociétés futures. Les choix en cours affecteront en profondeur l'ordre économique et politique du monde en devenir et traceront la voie du développement à la condition humaine en toutes ses couches sociales.
Objectifs: Servir de forum pour l'échange de l'information sur l'énergie nucléaire entre les spécialistes de diverses disciplines, les membres de sociétés savantes et d'autres personnes. Tenir des réunions ayant pour objet la présentation, la discussion et la publication d'écrits scientifiques, techniques ou autres concernant l'énergie nucléaire. Organiser des sections qui fourniront un foyer d'accueil aux intérêts individuels ou régionaux des membres à travers le pays. S'engager dans des activités qui ont rapport aux objectifs de la SNC en particulier, de l'ANC en général. L'un des buts premiers de la Société est de favoriser la diffusion, soit au sein même de la SNC soit avec d'autres sociétés savantes, de l'information relative à la science et la technologie nucléaires. Durant la période critique des prochaines années, un autre rôle d'importance sera dévolu à la Société Nucléaire Canadienne: elle rendra ses memores à même d'influencer de façon constructive les décisions en matière d'énegie. Un concensus des opinions formulées par les spécialistes canadiens de la science et de la technologie nucléaire sera bien accueilli tant par les élus du peuple, à qui incombent les décisions, que par les citoyens eux-mêmes. La Société Nucléaire Canadienne s'efforcera d'assurer une écoute à ce témoignage.
Membres: Peut devenir membre de la Société Nucléaire Canadienne toute personne qui remplit les conditions définies par le Comité des admissions du Conseil. De façon générale, l'éligibilité sera déterminée en fonction de l'intérêt individuel et de la contribution potentielle du candidat au domaine de l'énergie nucléaire.
Réunions: Annuelle (juin), conférences, symposium des officiers (septembre).
Activités professionnelle: Organiser la Conférence annuelle de la Société Nucléaire Canadienne qui se tient conjointement avec la Réunion Internationale Annuelle de l'Association Nucléaire Canadienne; collaborer à l'organisation de la Conférence annuelle étudiante sur des sujets associés à l'énergie nucléaire; créer des groupes régionaux; créer des sections techniques spécialisées; organiser des séminaires sur des sujets

d'actualité; éditer un bulletin de nouvelles; organiser des activités suggérées par les membres, editer un journal technique.
Publications: CNS Bulletin SNC, 6/année. Rédacteur: Dr. David Mosey, Ontario Hydro, 700 University Ave., Toronto, Ont. M5G 1X6. Comptes Rendus de la conférence annuelle et des symposia techniques. Nuclear Journal of Canada - Revue nucleaire du Canada, 4/année.

520. SOCIETE PHARMACOLOGIQUE DU CANADA.
(In English see: PHARMACOLOGICAL SOCIETY OF CANADA)
Président: Dr. Radan Capek, Dept. of Pharmacology, McGill University, Montréal, Qué. H3G 1Y6. Le mandat se termine en juin 1987. Secrétaire: Dr. Sidney Katz, Faculty of Pharmaceutical Sciences, Univ. of British Columbia, Vancouver, B.C. V6T 1W5. Le mandat se termine en juin 1986. Vice-président: Dr. Gail Bellward, Faculty of Pharmaceutical Sciences, University of B.C. Vancouver, B.C. V6T 1W5. Le mandat se termine en juin 1987. Trésorier: Dr. S.H. Roth, Department of Pharmacology, University of Calgary, Calgary, Alta. T2N 1N4. Le mandat se termine en juin 1987.

Historique: Etabli 1956. Membre enregistré de la Fédération canadienne des sociétés de biologie.
Objectifs: Promouvoir l'avancement de la science de la pharmacologie dans son sens le plus large.
Membres: 320. Conditions d'adhésion: toute personne qui a fait de la recherche et qui a publié des articles méritoires en pharmacologie dans son sens le plus large, ou engagée dans l'enseignement dans ce domaine, est éligible comme membre.
Réunions: Annuelle (juin).
Activités professionnelle: Le prix Upjohn de pharmacologie peut être accordé annuellement pour une contribution significative à l'avancement et à l'extension du savoir dans le domaine.

521. SOCIETE ROYALE DU CANADA.
(In English see: ROYAL SOCIETY OF CANADA)
3006 - 344 Wellington, Ottawa, Ont. K1A 0N4. Tél.: (613) 992-3468.
Président: Alexander G. Mackay, Dept. of Classics, McMaster University, Hamilton, Ont. L8S 4M2. Le mandat se termine en juin 1987. Secrétaire: Jacques Légaré, Dép. de démographie, Université de Montréal, C.P. 6128, Succ. A, Montréal, Qué. H3C 3J7. Le mandat se termine en juin 1989. Trésorier: M.R. Dence, a/s Société. Le mandat se termine en juin 1988.

Historique: Fondée en 1882 par le Gouverneur Général du Canada, le très honorable marquis de Lorne, elle a été constituée par loi du Parlement canadien en 1883. Elle comprend trois académies: Académie I - L'Académie des lettres et des sciences humaines de la Société royale du Canada; Academy II - Academy of Humanities and Social Sciences of the Royal Society of Canada; Academy/Académie III - Academy of Sciences of the Royal Society of Canada/Académie des sciences de la Société royale du Canada.
Objectifs: Une académie nationale qui a pour objet le développement du savoir et de la recherche dans les arts et les sciences. Elle admet par voie d'élection des auteurs distingués; elle attribue des médailles et des prix pour récompenser le haut savoir et la recherche dans les arts et les sciences; elle tient des réunions annuelles où l'on présente des communications traitant de tous les aspects du savoir et de la recherche, et qui comprennent habituellement un colloque sur un sujet apte à intéresser les trois académies de la Société; publie chaque année des Mémoires, des Délibérations et l'Annuaire ainsi que des Notes et Nouvelles deux fois par an; elle tient des colloques internationaux, nationaux et régionaux sur des sujets d'actualité importants, ordinairement de caractère interdisciplinaire; elle publie des comptes rendus de colloques d'intérêt général; elle entreprend divers projets d'ordre national et international visant à encourager le savoir et la recherche.
Membres: 1 142 membres (s.r.c.) qui sont élus membres. Conditions: doit être canadien ou avoir résidé au Canada pendant cinq ans et avoir publié des oeuvres importantes et des mémoires exceptionnels ou avoir rendu d'éminents services à la littérature ou la science.
Réunions: Annuelle.
Activités professionnelle: Colloques et réunions savantes; la médaille Flavelle, pour une contribution importante à la biologie ou pour un supplément significatif; la médaille Lorne Pierce, pour une oeuvre importante dans les domaines de la littérature de l'imagination ou de la critique; la médaille Tyrrell, pour une oeuvre éminente en histoire du Canada; la médaille Pierre Chauveau, pour une contribution importante aux humanités; la médaille Henry Marshall Tory, pour des recherches importantes dans les sciences physiques; la médaille Willet G. Miller, pour la recherche éminente dans toutes les branches des sciences de la terre; la médaille Innis-Gérin, pour un apport éminent aux sciences sociales; la médaille Thomas W. Eadie, pour une réalisation importante dans le domaine de l'ingénierie et des sciences appliquées; la médaille Jason A. Hannah, pour une publication importante dans le domaine de l'histoire de la médecine au Canada; le Prix Bancroft, en récompense de la publication de travaux, de l'enseignement et de la recherche en géologie et en géophysique; la médaille McLaughlin, pour la recherche dans le domaine des sciences médicales qui se caractérise par un haut niveau d'excellence; les médailles commémoratives Rutherford, une en chimie, une en physique, pour la recherche éminente dans toutes les branches de ces disciplines.
Bibliothèque: Environ 30 000 volumes dans tous les domaines du savoir, surtout dans les sciences naturelles, qui sont maintenant déposés à l'Institut canadien de l'information

scientifique et technique (sciences) et à la Bibliothèque nationale (les humanités et les sciences sociales).
Publications: Les Délibérations et les Mémoires annuellement. Comptes rendus de colloques. Studia Varia. Publications spéciales. Directeur des publications: Prof. John M. Robson, Victoria College, Toronto, Ont.

522. SOCIETE DE LA SPECTROSCOPIE DU CANADA.
(In English see: SPECTROSCOPY SOCIETY OF CANADA)
B.P. 1464 Succursale B, Montréal, Qué. H3B 3L2. Tél.: (514) 866-8236.
Président: Dr. R.W. Dabeka, Protection de la Santé Direction Générale, Santé et Bien-être Canada, Ottawa, Ont. K1A 0L2. Le mandat se termine en juin 1985.
Secrétaire: M.P. Hahto, Gulf Canada Ltd. 2489 N. Sheridan Way, Sheridan Park, Ont. L5K 1A8. Le mandat se termine en juin 1985.

Historique: L'Association canadienne pour la spectroscopie appliquée a été formée en 1954. Changement de nom en 1967: Société de la spectroscopie du Canada. Ottawa est une section indépendante de la section de Montréal.
Objectifs: Encourager le développement et la compréhension de la spectroscopie et stimuler l'intérêt des membres.
Membres: 475. Etre engagé dans l'étude ou l'application de la spectroscopie ou s'intéresser aux objectifs de la Société.
Réunions: Annuelle (automne).
Activités professionnelle: Expositions scientifiques. Prix: Youth Science Foundation, Gerhard Herzberg, Barringer Research, Membres Honoraires.
Publications: Canadian Journal of Spectroscopy, 6 numéros par année. Rédacteur: Dr. Ian S. Butler, Dept. of Chemistry, McGill University, P.O. Box 6070, Montréal, Qué. H3A 2K6; et Dr. T. Theo Phanides, Université de Montréal, C.P. 6210, Succ. A, Montréal, Qué. H3C 3V1.

523. SOCIETE STATISTIQUE DU CANADA.
(In English see: STATISTICAL SOCIETY OF CANADA)
Président: J.G. Kalbfleisch, Dept. of Statistics, University of Waterloo, Waterloo, Ont. N2L 3G1. Le mandat se termine en décembre 1984. Secrétaire: R.J. Tomkins, Dept. of Mathematics & Statistics, University of Regina, Regina, Sask. S4S 0A2. Tel.: (306) 584-4331. Le mandat se termine en décembre 1985. Président-élu: D.F. Andrews, Dept. of Statistics, University of Toronto, Toronto, Ont. M5S 1A1. Le mandat se termine en december 1984.

Historique: La société fut incorporée sous le nom de Association Canadienne de Science Statistique/Statistical Science Association of Canada comme société sans capital social, sous la loi des corporations du Canada; elle a reçu ses lettres patentes en 1972. La société s'est associée à la Société canadienne de statistique en 1978 et elle prit alors le nom de Société Statistique du Canada/Statistical Society of Canada.
Objectifs: Veiller au développement, au sens le plus large du terme, de la statistique et de ses applications, à la promotion de l'efficacité du travail en commun en statistique et à l'augmentation de la contribution de la statistique au bien-être de l'humanité.
Membres: 524 membres réguliers; 46 membres étudiants; 27 membres institutionnels; 7 membres honoraires. Toute personne intéressé à promouvoir les objectifs de la société peut en devenir membre.
Réunions: Annuelle (printemps).
Activités professionnelles: Prix Pierre-Robillard décerné annuellement pour la meilleure thèse de doctorat dèfendue dans une université canadienne dans l'un des domaines couverts par La Revue Canadienne de Statistique.
Publications: La Revue Canadienne de Statistique/The Canadian Journal of Statistics, publiée 4 fois par année. Rédacteur: S.G. Ghurye, Dept. of Mathematics, University of British Columbia, Vancouver, B.C. V6T 1Y4. Le Bulletin SSC/SSC Newsletter, publié 4 fois par année. Rédacteur: V. Tremblay, Centre de sondage, Université de Montréal, C.P. 6128, Succ. A, Montréal, Qué. H3C 3J7. Activités Prévues/Forthcoming Events, 2 fois par année. Rédacteur: G.P.H. Styan, Dept. of Mathematics, Burnside Hall, McGill University, 805 Sherbrooke St. W., Montréal, Qué. H3A 2K6.

524. SOCIETE DE TOXICOLOGIE DU CANADA.
(In English see: SOCIETY OF TOXICOLOGY OF CANADA).
C.P. 317, Beaconsfield, Qué. H9W 5V1.
Président: Barry H. Thomas, Direction générale de la protection de la santé, Parc Tunney, Ottawa, Ont. K1A 0L2. Le mandat se termine en décembre 1987.
Secrétaire: Douglas L. Arnold, Direction générale de la protection de la santé, Parc Tunney, Ottawa, Ont. K1A 0L2. Le mandat se termine en décembre 1986.

Historique: La Société de Toxicologie du Canada, autrefois appelée Association canadienne pour la recherche en toxicologie, a été fondée en 1964.
Objectifs: Promouvoir l'acquisition du savoir en toxicologie, assurer sa diffusion et encourager son utilisation.
Membres: 290. Les nouveaux membres doivent être reconnus par leur pairs comme étant des experts dans l'un des domaines de la toxicologie ou ils doivent être en mesure de démontrer qu'ils ont une activité professionnelle durable en toxicologie.
Réunions: Deux fois par année (juin et décembre).
Activités professionnelles: Le Prix Henderson de 500 $ reconnaît le mérite des personnes qui ont contribué de façon importante à l'avancement de la toxicologie au Canada. La Société a mis sur pied des comités de formation, de publication et de politiques scientifiques.

Publications: News/Nouvelles, 3/année. Rédacteur: Dr. D. Ecobichon, Université McGill.

History: Established as a society in 1965 with the sponsorship of the Association of Professional Engineers of Saskatchewan.
Purpose: To provide formal recognition in the form of certification for the large group of highly skilled individuals that work as part of the team with professional engineers, architects and surgeons, etc.; to provide the means whereby its members may increase their knowledge and skill of respective technologies; to foster greater interest in, and better understanding of, technicians and technologists by industry and the public at large; in general to engage in and foster programs to enhance the status and prestige of the technician and technologist.
Membership: 850. Qualifications for Certification: Technologist-in-training: a) diploma in engineering technology from the Saskatchewan Technical Institute, or equivalent courses from other recognized institutions, or satisfactory completion of examinations established by the Board of Examiners; b) minimum practical experience: none. Associate Member: a) complete Grade XII, including algebra, geometry, trigonometry and physics (chemistry for chemical and mechanical technicians only) or other certificates of equivalent standing; b) mininum practical experience: two years or graduate from an approved two year technology course. Engineering Technician: a) completion of one year of engineering technology at the Saskatchewan Technical Institute, or equivalent courses from other recognized institutions, or satisfactory completion of examinations established by the Board of Examiners; b) minimum practical experience: two years. Certified Engineering Technologist: a) diploma in engineering technology from the Saskatchewan Technical Institute, or equivalent courses from other recognized institutions, or satisfactory completion of examinations established by the Board of Examiners; b) minimum practical experience: two years under approved professional engineering guidance, or for others, a period satisfactory to the Certification Board.
Meetings: Annual (February).
Publications: SETTS Journal, quarterly. Editor: Ken J. Maloff, CET, 1121 Ninth St., Box 1942, Humboldt, Sask. S0K 2A0.

528. **SOCIETY OF MANAGEMENT ACCOUNTANTS OF CANADA.**
(En français voir: SOCIETE DES COMPTABLES EN MANAGEMENT DU CANADA)
154 Main Street E., M.P.O. Box 176, Hamilton, Ont. L8N 3C3. Tel.: (416) 525-4100. President: A.G. Northcott, Stelco, Inc., Box 2030, Hamilton, Ont. L8N 3T1. Term expires July 1987. Secretary: William E. Langdon, 577 Harmony Ave., Burlington, Ont. L7N 1X8. Term indefinite.

History: The Society was incorporated under the name of the Canadian Society of Cost

Accountants in 1920. In 1941 societies were incorporated in Ontario and Quebec with authority to conduct courses, set examinations and grant the R.I.A. designation. By 1950, similar societies were incorporated in all other provinces. At this point, the national society assumed the name used by all the provinces - the Society of Industrial and Cost Accountants. In 1968, the "and cost" was deleted from the Society's name because it implied a restrictive sphere of influence. In 1978 the Society changed its name to "the Society of Management Accountants of Canada" as this name relates more to the goals and objectives of the Society. The national society is affiliated with each of the provincial societies. The provincial societies each have a number of local chapters which were organized to help achieve the Society objectives.

Purpose: To promote and increase the knowledge, skill and proficiency of its members in accounting, business organization and management.

Membership: 14,661 Registered Members. 262 General Members. 20,998 Student Members. Requirements for professional accreditation as an R.I.A. are: successful completion of the prescribed R.I.A. examinations; successful completion of a period of relevant work experience. Registered Members: those who have fulfilled all requirements and have been granted the right to use the designation R.I.A. (Registered Industrial Accountant).
